## Customer Reviews

About Berlitz For more than 125 years, Berlitz has been the most trusted name in language learning. Berlitz was built on the principle that language skills are best acquired through conversation, with a focus on real-life situations. Today, we offer self-study audio language programs, phrasebooks and dictionaries in more than 30 languages for children and adults. With more than 450 language schools in over 60 countries, Berlitz has taught millions how to speak another language.

For me, an at home learner of Mandarin Chinese, I found this "course" as another very useful aid in the pursuit of conversational "Learn at Home" Chinese. Another addition to my learning arsenal. I doubt seriously that one would reach a conversational knowledge purely with this material alone (If a Self Learner)! As an addition to a formal class it could, I guess prove helpful? But for the at home, on you own (No teacher, or class available person), I would recommend the Living Language Mandarin Chinese course. as some reviewed it as "not for an absolute beginner" but with some prior knowledge. in my case little, I find it to be the "Mainstay" of my home study, supplemented by all the online Chinese learning material, that is in great abundance and varying usefulness, at no or little cost. this course Berlitz is another aid but not the way to go alone, though!
