## Customer Reviews

*Cowboy Boots* is a tribute to America's most-recognized icon. More than 400 unique and sublime custom-made boots dizzy and dazzle the eye with their dropdead designs. From clean and simple lines to elaborate overlaid, inlaid, pinched, tooled, stitched, embroidered, and bejeweled gems, these boots are way over the top! Whether you reside deep in the heart of Texas or in the concrete canyons of Manhattan, cowboy boots put your best foot forward. Tyler Beard is a native

Texan, so, naturally, grew up in a boots-and-hat environment. At age three, he received his first pair of red-and-green Christmas boots, a gift from his parents – “the pair that started it all.” Tyler and his wife, Teresa, are considered the foremost experts on American West style. Tyler is the author of Lone Star Living: Texas Homes and Ranches (2003). Jim Arndt is a nationally recognized advertising and editorial photographer. He maintains studios in Santa Fe and Minneapolis and shoots for clients such as Wrangler, Chevrolet, and Harley-Davidson. His personal work has also been exhibited in galleries in Santa Fe, Taos, and Austin. He continues to travel the West, working on his personal photos and collecting cowboy boots. As the world’s leading authorities on the cowboy boot, Tyler and Jim have collaborated on The Cowboy Boot Book (1992), 100 Years of Western Wear (1993), and Art of the Boot (1999).

Gorgeous pictures and fun, breezy text. The boots are to drool over! The thing that marred the Kindle edition? No copy editing. None at all. "Boot" is "hoot" about 50 times, which makes me suspect that the book was digitized using OCR and nobody ever read it after that. If you can stand the plentiful typos and you are looking for a fun look at boots-as-art rather than a comprehensive collector’s guide, you will have a great time with this book.

Yeah I don’t know why I picked that title but it was the first word that came to my head. This little book is a delight! It’s well worth the price and I leave it out as a "coffee table" book and each time I’ve had someone over they’ve found it to be a wonderful resource book full of illustrated pictures of cowboy boots. I myself am glad I made this purchase. Great gift idea for anyone who LOVES cowboy boots too(male or female).

excellent item, fast shipping. A+++

Cover to cover, this is a great cowboy boot pictorial with interesting documentation about the cowboy boot! Perfect coffee table 'little' book and great gift for anyone who has a ranch or an

interest in cowboy boots! This was probably the best and most loved hostess gift I have ever given....and that's a good thing!

Beautiful book and beautiful boots. High quality pictures. We used this book to copy design ideas for quilt squares. The quilt came out great and the book is still enjoyed by visitors to our western home as a coffee table book!

Nice small book

This book is so fun! My passion for cowboy boots started several years ago, but it hasn't been till recently that I started paying for the best. This book is better than bad sex for sure! The craftsmanship that goes into some of those books is amazing. Every page is like a new piece of tantalizing candy. I love it so much that I show it off at my restaurant in Seattle for all to enjoy!

great book
