This book changed my life for the better. The information in this book, helped me love myself more, helped me stand up for myself, and helped me not give away my power to others. This book helped me realize that I am strong, and that I'm a good person, and that it's ok to be me. It taught me to love my inner child, and be mindful to keep my self talk, positive. It reminded me how important it is to forgive others, and myself. I have read many books written by Louise Hay, and each one has taught me many things, to better my life. This is one of her best!

Louise, You did it again. I adore the simplicity that you use to explain how to make the pilgrimage of the thought process to reach the life of spiritual enlightenment, physical health and the abundance of goodness. Loving and forgiving yourself are the first two steps. Release the past, forgive and let go, move on. She covers every aspect of life, such as: Learning to listen to yourself and to trust yourself, talking to the child within you, parenting, and how to create a safer world to love and live your life. She has convinced me that the powers are within myself to create a better life. I am in my third year and see improvement in my life and I believe I have a ways to go. I never give up. It is the reading of this book that has just brought me a step further. She speaks of the infinite wisdom that resides in each of us. She is very convincing in encouraging you to trust that wisdom. She advises you of that awareness of a "need for change". It is the awareness that you'll develop that helps you see.

Anything Louise does in the writing department is insightful and, eventually for me, comforting. She

has been a Godsend to my life. This book taught me that I do have the capability to do anything. I can even change old thoughts and beliefs about myself and life, and learn new and uplifting messages in its place. Thank you, Louise! You are a blessing!

I can not say enough good things about this book!!!!!! The book has helped me let go of past hurts, revealed resentments that I never realized were buried within me. My plan is to read this book until I know it by heart. It has revealed emotions and helped me heal.

"I decided long ago, never to walk in anyone's shadow If I fail, if I succeed At least I live as I believe No matter what they take from me They can't take away my dignity Because the greatest love of all Is happening to me I found the greatest love of all Inside of me The greatest love of all Is easy to achieve Learning to love yourself It is the greatest love of all "

This book is very empowering; or rather, it inspires you to empower yourself; or rather, it helps you to rediscover the power that you have always had. I read this book when I was a teenager and I got a lot out of it. It is written in a clear and simple way and the message is very powerful.

This is one of Louise's books that is so excellent that I would like to mark passages. I suppose I'll get a paper book for ease of marking, make it easier to refer back to a page.

Louise Hay is a gifted Author. "The Power Is Within You" gives much insight into the resources within you. I highly recommend this book if you are learning about yourself.
