Inequality And Society: Social Science Perspectives On Social Stratification

Synopsis

Designed for undergraduate courses on inequality, this reader is the first and only one to incorporate political inequality into the discussion of social stratification. With the ideal balance of classic essays and more contemporary studies, *Inequality and Society* covers the standard themes of poverty and inequality while bringing political institutions into the analysis.

Jeff Manza is Professor of Sociology at New York University and is coauthor of the acclaimed *Locked Out: Felon Disenfranchisement and American Democracy*. He has also published works on welfare states, political polls and policies, and political party coalitions. Michael Sauder teaches at the University of Iowa. His theoretical work explores how third parties, legitimacy, and ambiguity influence status relationships at individual and organizational levels.

Very useful book

Fair condition

It's not Like I wanted to read it. For school, it was very informing because of different inspective.

I am very pleased with the order. It arrived as promised in good shape and without surprises. Thank you.

Author is very biased in views and comparisons .
