"Viva Van Story is an accomplished photographer who is being justly acclaimed as a worthy successor to Bunny Yeager. Van Story is taking the parameters of 'cheesecake' to new levels and the result (to say the least) is haute-cuisine. Pretty damn hot haute-cuisine, actually!" — —  
— — •Real Detroit Weekly"VVS's photos are graced by the kind of drag strip dames and juice joint jezebels who populated the men's mags of the 1950s — — with a decidedly modern edge. It's no surprise, then, that with NYC's vibrant burlesque scene, she's the photographer of choice for a wide range of tassel-twirling temptresses, hot-rod honeys, and tommy gun tarts." — —

Loved this book. If you are a fan of classic pinup or retro photography you will love it as well. This book is inviting and a little naughty. Viva has left the door cracked open a bit and allowed my mind to be a voyeur into her world. She has set the stage and allowed me to create my own fantasy. There are no words after the intro, just page after page of beautiful women, and yes they do leave a little to your imagination. Which is the pleasure of this book. My only complaint, and a small one, is that the book would have been nicer in a larger format.

I've been a follower of Viva Van Story's work since some time now and Sheer is not disappointing at all. It is not surprise the quality displayed of the photos, Viva has a great style, combining classic with modern pin-ups and in this book you will appreciate all her experience. Almost every page has a full page photograph, some of them are double spread; with 11 inches height, you can really look at all the details. It also worth notice the high-quality of the printing and of the binding. It you are a fan of pin-ups, this is the one book you should acquire.

awesomnesss! because of viva im picking up a camera and looking forward to this new refound exposure of quality! im a fan and so happy to finally be interested in a hobby my lady friend and I can enjoy together. Scouting out locations for expressive naughtyness pictorials! maybe viva can write an introduction to my book one day? buy this book!

I bought her first book Bullet Bras and Backseat and fell in love with Viva Van Story's style!!! And this book is equally as delightful as the first...or even more so!! I am a huge fan an lucky to have this book and her first one that is valued at \$275 or more now (paid \$67 orig. on )...Get yours while you can!

The photos are stunning and of a high caliber of professionalism. I have a great admiration for the style of this photographer and their style. Beautiful work!

Viva van story is my favorite pinup photographers, and one of my favorite photographers in general. Also a big fan of Mosh, one of the models in Vivas books. Love the new book. It's even better than the last one. It features beautiful alternative models in various see through lingerie. It's erotic, sexy and classy. I'll definitely be flipping through this book from time to time. Not one of those books that u look at just once. Very happy with my purchase :)

Great retro pin-ups book. Faithful to their way of taking pictures, full of atmosphere and suggestion, perfectly capture a cool retro-raunch 1940s vibe. Viva Van Story did it again.....

The book tries to achieve a retro cheesecake photo effect. The models are very pouty and don't really reflect the wholesomeness and playfulness of the women they try to emulate from a bygone era.
