## Customer Reviews

"...this text covers all the bases..." (Guitar Magazine, August 2003) "...if you are more talented than me visit [www.wileyurope.com](http://www.wileyurope.com)..." (Ipswich Evening Star, 20 August 2003) --This text refers to the Digital edition.

"Songwriting is a way of expressing what's in the heart, mind, and soul!" -Kenny Loggins Get the inside scoop on finding agents, publishers, and collaborators Create a demo and break into the music industry! Now you can write the songs! Using well-known tunes as examples, this easy-to-follow guide walks you through every aspect of writing lyrics and publishing a song, from choosing a musical style and recording to hiring business players. You'll see how to use rhyme and rhythm in all kinds of music, from blues to rock to commercial jingles. "Well thought out, well written, well presented, well done!" - Ralph Murphy, V.P. International and Domestic Membership Group, ASCAP. "In the future, when I'm struggling with an idea for a popular song, Songwriting For Dummies will be at arms reach." - Bruce Swedien, Engineer, Producer, Composer for Duke Ellington, Count Basie, Quincy Jones, and Michael Jackson --This text refers to the Digital edition.

My sister got me this book for my birthday and I love it!

Gives me great word flow on my paper and guitar!

Easy to read, well organized, down to earth, based on experience of successful musician, song writer and entertainer Jim Peterik

I have always wondered how a song is crafted as a hobby musician. I have tried to write songs myself and this book gives a very concise explanation of the process; it is more art than science. It also gives a person super insight into what a huge accomplish Lennon/McCartney, etc. made writing timeless songs. Especially when many great song writers, as Lennon/McCartney had no formal training. This is a good book to get any songwriter started, or finished.

This book tells you the encentuals of songwriting and you don't have to be a dummy to write music . Great book.

I already wrote few songs and people liked it, this book is really great! Lots of theory and lots of

useful examples.

I am trying to become a songwriter. This book has all the information I need and so much more.  
Love this book!

More than I imagined stuffed into this book. About every question answered and a nice overview. A lot of business end of music also.
