Beautiful , accurate, truly divine. Alana is in a league of her own when it comes to oracle cards, no fluff here ! There is so much depth and wisdom that is transmitted through all of her work. I highly recommend these, and all of her cards. The artwork is gorgeous.

I really enjoy working with this deck. The artwork is pretty, very feminine and vibrant while the card stock is durable and of good quality. This deck contains 44 Cards each depicting a nice range of female faces from different ethnicities. Each card description from the book is about 3 pages long to include a healing affirmation. I was working with this deck the other day going through a spread when I had an epiphany about working with love from the Mother Mary. I realized that I needed it, it was something that was missing from my life. Not having been close to my own mom I realized a piece of a puzzle was slipping into place and more healing was finding its way into my heart. Ever so gently while going through the healing process and imagining this loving energy flowing into me from the divine Mother I truly felt supported in a way that I hadn't before. I was reminded to led with softness, kindness and love. A great gift for ones self or another this upcoming Valentines Day or just because.

I own several of Alana's decks and this is my favorite. Maybe because I own all the others and have worked with them intimately for years, this is now my favorite. Who can say? But if you feel any pull to connect with the Divine Mother OR perhaps were raised in a Christian religion you no longer resonate with and yearn for the truth of the divine mother ...try this out.

These cards go way past the usual. I like to use them with Tarot cards to get a message as a way through the situation for my client. The messages a simple yet deep and the exercises are artful and they work. I have the Kwan Yin deck and the Isis Oracle, which are fantastic but it's official these are my new favorite.

Thank you Ms. Fairchild and Ms. McCould for beautiful inspiration in words and art. Mary, our Blessed Mother, accepted a big responsibility when she said 'yes' to the Angel Gabriel delivering the Divine message. Many years ago I attended Mass (Roman Catholic) and the priest said (Holy Day of Obligation December 8) today's feast commemorates the beginning of Salvation -- a beautiful gift from Mother Mary to us. I will purchase this deck for others.

This is a beautiful deck. The art on the cover of the box is what drew me in first. The writing that goes with each card is equally beautiful. It is wonderful to read loving, caring words of wisdom that emerge from the feminine perspective.

I was born and raised Catholic. Although I am not a churchgoer anymore, I am still very spiritually Catholic. Initially, I was nervous to try any sort of oracle card, as the Church teaches against such things. Still, I had been curious. I read all of the positive reviews and I absolutely adore Our Lady, so I had to give it a try. These cards were the perfect introduction into the world of oracles. All of the cards have a positive message, and feature beautiful artwork of Our Lady. These cards are full of light and good cleansing energy! I read for myself, my sister, and her boyfriend; I didn't know what I was doing, but I simply followed the instructions in the (very easy to follow) book, and let them read the meditation that corresponded with the cards that they choose. Although it was my first times trying it, the book helped me find the words to help focus my and my family's intentions for the reading. After their readings, they both sat quietly. They said that the cards they chose and the advice given in the book was really something that they needed to hear in that moment.

It's always nice to find an Alana deck with no nudity. I really like this style of artwork. Good guide book. Card stock is closer to Isis & Kuan Yin than her newer oracles.
