We are doing this tie-in program with Universal Pictures. Annie Auerbach is the New York Times bestselling author of more than 100 books for children.

He would rather not read. He has a good vocabulary and he's very bright, but he would rather not read. So I got the junior novelizations for him, even though they are too easy. He enjoyed the movies, and he READS the books. So, ok.

I have watched the movie, and I loved it. Now I have read the book. Loved it! I liked that Vector got smashed by the small car sized moon. I would recommend this book to people who like comedies.

Daughter loves the movies and enjoyed the books, too. Finished them pretty quick.

Purchased this and several other Junior novels for my 6 yr old son who is an advanced reader, although he whipped right through the book he enjoyed it and has read it several times since.

Happy with the book its a shame the postage costs so much but i had found it very hard to find the book in my local book shop

My 7 year old nephew loves this book. He's a big fan of all things "Minion." Fun book for kids.

Very nice for the audience for who it is intended.

This book is very cool but I like the movie better than the book although I like both a lot
