Agatha Christie was born in 1890. During the World War I she worked as a hospital dispenser, where she gleaned the working knowledge of various poisons. Her first novel was *The Mysterious Affair at Styles*, published in 1920, followed over the next six years by four more detective novels and a short story collection. However, it was not until the publication of *The Murder of Roger Ackroyd* that Agatha Christie's reputation was firmly established. In 1930 the sharp-witted spinster sleuth Miss Marple made her first appearance in *Murder at the Vicarage*. In all, Agatha Christie published 80 crime novels and short story collections. As her play *The Mousetrap* (the longest-running play in the history of the theater) testifies, Agatha Christie's detective stories are likely to appeal for a long time to come. Agatha Christie was awarded a CBE in 1956 and was made a Dame of the British Empire in 1971. She died in 1976.

When actress Jane Wilkinson asks Hercule Poirot to help her get rid of her husband, he declines. Soon, however, the husband is dead; his widow and a few others are suspects; and Poirot tries to discover the truth. Thus evolves one of Agatha Christie's most thrilling thrillers. As presented by BBC Radio in an adaptation by Michael Bakewell, this dramatization is a perfect melding of book, actor, music and sound effects. The 22 actors, led by John Moffat as Hercule Poirot, use every nuance they can to grab the listener's attention and hold it. Hold it they do. This production is good mystery very well done. M.R. Lady Edgware wants a divorce and urges Poirot to assist. "But Madame I do not interest myself in such matters". Never the less after a little flattery he does approach Lord Edgware who is surprised to receive such a request 'cause he has already agreed to the divorce. What is going on here and why did Lord Edgware kill himself twenty four hours later? Or was it perhaps murder? It's the usual sausage from Dame Agatha's self proclaimed "sausage machine". But we like the flavor of this sausage and keep coming back for more. Captain Arthur Hastings is by Poirot's side in this Christie classic. If you use your "little grey cells" you can solve this one rather easily. Don Wardell Palm Springs California.

Another great Christie work and so much fun to listen to John Moffatt as Hercule Poirot. As always unexpected twists and turns and an unexpected ending.

Agatha Christie, one of if not the world's best mystery writers did it again with her wonderful mystery "13 At Dinner", it was great. What is even better about this is that it is on an audio cassette so you can listen to it almost everywhere. This is a great story! Agatha Christie who has often been dubbed the "Queen of Mystery" uses one of her best characters, Hercule Poirot who closes this suspenseful case in a great way, in this great mystery. You can try to solve this mystery but believe me it's hard to figure out, but Hercule Poirot does it!

This book is one of Agatha Christie's greatest thrillers of all. I couldn't stop reading it. Once I thought I knew what would happen something that I totally didn't expect happened. This book shows the eccentric character of Christie's creative and sly, Hercule Poirot and how he intelligently and cunningly comes up with a solution to this case that had baffled all others. Agatha Christie's talent and ability as a wonderful writer shines in this book with unexpected twists and turns of plot.

Agatha Christie, Queen of Mystery, has done it again with this stunning tale of death and suspense. The invincible Hercule Poirot strikes again as an apparently open-and-shut case gains subtle nuances and becomes more and more difficult. Don't worry, the great detective comes through unscathed!! What does he find? Why don't you purchase it and learn?

Well here goes mystery lovers... 13 at dinner is one of Dame Agatha Christie's most masterful tales presented in a stunning dramatization that resounds with all the excitement of a theater book. Try to solve the mystery with inspector Hercule Poirot throughout Christie's breathtaking adventure!!! Two thumbs up!

It was a very terrific book. The outcome as her books usually are was very unpredictable. I read it and did a book report in this year of sixth grade and it was so good I got to read it to the class.
