Customer Reviews

The was only a piano part and no cello part.

I've used this book and the others in the series with my students for years. I like them very much, and my students learn quickly with them.

Moderate to advanced levelGreat series

Build you cello skills practicing these songs.

What you see in the picture and the description is what you get. Yeh!

Very disappointed since you would expect the CD to be included. But you will have to pay anywhere from \$11 to \$25 to buy the CD from . Outrageous!! The product description is misleading to say the least.
