He is a Fellow and Past-President of the Society for Marketing Advances, presently serves as President-Elect for the Academy of Marketing Science, and is a member of the board of directors of the Direct Selling Education Foundation.

I originally bought this book in order to prevent me from divorcing my wife. This book taught me how to market and advertise her. It ended up saving me a bit of money in the long run. I sold her online to a prince in Nigeria. And I didn't lose half my stuff!

I needed this for a Master's level Marketing class. It isn't at all hard to read and contains some good info... hiding among some high school level 'features'. If you need it you need it. It's probably good if you want to learn how to do sales.

I really think this book gives a very in depth look at not only selling but how selling relates to every aspect of life. I do think that they could go a little more in depth on managerial topics, but overall a very well written textbook.

a lot of great information and helped me learn a lot about sales being fun and not a pain in the butt!

Book came quick and just as described. Service was great, book was great. I recommend this source to anyone that needs a good text book.

Very good book. Informative for those of us desiring to become managers in the future.

I purchased the replacement band on September. I wear the watch everyday. On December 20, the leather band broke where you change the band out. I noticed once it broke that the leather in that spot was very thin. I would not purchase this again. It lasted a little under 3 months.

I ordered this particular book for my sales class, I was worried if I would receive it on time and also if it was in good condition. Needless to say I received it on time and the book was in great condition. I would recommend you guys anytime. Thank you, A VALUED CUSTOMER
