Scholastic Pocket Thesaurus (Scholastic Reference)

Synopsis

The successful Scholastic Student Thesaurus is now available in convenient pocket-sized paperback and is now called the Scholastic Pocket Thesaurus. Perfect for students on the go! The Scholastic Pocket Thesaurus is an innovative, easy-to-use title created for the many kids who get frustrated when they try to use a thesaurus. If they look up a word and "it's not there," many students will give up rather than turn to the indexes in the back of their books to redirect their searches. The Scholastic Pocket Thesaurus's innovative same-page index solves this problem.

From School Library Journal" . . . This volume takes a unique approach with its "on-the-page index" offering cross-references for more difficult words. Each entry features the term, part of speech, definition, and synonyms (in bold type). Though the previous edition offered more extensive information about the usage of each synonym, this edition widens students' knowledge of word connections, made clear through the visibility of each handy spread-specific index. The easy-to-use, expanded introduction will be a valuable resource to students who take the time to read it."Kathleen Kelly MacMillan, Maryland School for the Deaf, ColumbiaCopyright 2003 Reed Business Information, Inc.

Excellent resource for my students. We use it in my classroom every day.

This book is great and I like supporting Scholastic publications, but it is NOT pocket sized as shown on the accompanying picture of the hand with the little book in it. My 6th grader needs to CARRY all his books and pencils etc. so the size was really important. Separately ordered pocket size dictionary shown for scale.

Great to have at home or for the classroom. Actually, it was recommended by my child's teacher. Easily read and great for young and old.

My 3rd grader can't find quite a few words. I'm a bit disappointed.

Great for school.

It's was required for my daughters 3rd grade class and is a very good supplement to the dictionary . She is expanding her vocabulary.

I bought the thesaurus for school. So she would be able to express herself without using the same words all the time

Ordered this for my third grader at the request of his teacher. Easy to use not to big and bulky
