Customer Reviews

Dale Carnegie (1888-1955) described himself as a "simple country boy" from Missouri but was also a pioneer of the self-improvement genre. Since the 1936 publication of his first book, *How to Win Friends and Influence People*, he has touched millions of readers and his classic works continue to impact lives to this day.

This is one of the cheapest and most interesting textbooks I've ever had the pleasure of being forced to buy. The reading is compelling and reads more like a self improvement book than a textbook.

This one helps me a lot on my speaking skills

Everything you have to know about becoming an excellent speaker. Reader friendly, great examples, very motivational!

Once again Dale Carnegie provides a practical and memorable book. This book is a great addition to his book How to win friends and influence people. The book itself reads very easily and provides neat guidelines at the end of each chapter.

Anything by Dale Carnegie is amazing. This was no exception!!

You need this book. It is brief and concise but as thorough as it needs to be to make it's point.

The book came fully intact, with a minor tear on the bottom, yellowing of the sides of the pages, and a different cover than the one depicted. The pages are all there (for now that I can see) with annotations and underlining from the previous owner(s). Other than that, the book was what I was looking for.

So far so good still reading .
