Grade Level: Preschool and up

Customer Reviews

"This sturdy little book with peek-through windows on several pages offers 10 classic Bible stories . . . bright, cheerful illustrations." -- Detroit Free Press --This text refers to an out of print or unavailable edition of this title.

Vic Tebbs is a children's book editor. --This text refers to an out of print or unavailable edition of this title.

I'm giving this 2 stars so it stands out... since you can't look at all of the pages inside the book before you purchase it. Hope this is helpful. Pros... Well made, seems durable Bright colored pictures Cut-outs to peek at next pages Each story has a suggested action ("Look outside. Point at things God has made.") Cons... The book rhymes... then it doesn't... the next story it does again... then it doesn't... Just a weird editing miss!!! Really messes with the flow of reading it to your child. Awkward sounding. Subtle race things... SO subtle that I DO NOT think they were intentional. Many people wouldn't see it or care. If you happen to have adopted or have a biracial family (or just not white?) you're no doubt more aware of these things. So if that's you... Pretty simply, Adam & Eve are white, a lot of the kids around Jesus are white. There is a great page with many ethnicities represented, but even Jesus pretty much looks like a white guy with brown hair. I really like some of Debby Anderson's books where Jesus is tan/brown (he was born in the Middle East). It's just more accurate :) I won't say more than that so as not to seem overly critical or offend those who don't personally get the issue. But for anyone who appreciates the heads up, there you have it.

I have purchased two of these Bibles now for two different baptisms, and my toddler niece really loves it. She enjoys carrying it around by the handle (although this does make it a bit harder to store with "normal" books), and it is one of her favorites. The pages are sturdy, the sayings are short & sweet (no more than two sentences), and usually rhyme. However, my favorite aspect is the wonderful pictures, filled with animals and God's creations. The pages even prompt the adult reader to ask the child if he/she can name the animals in Noah's Ark, what sounds they make, etc. Although obviously very basic in nature, this book makes learning about Jesus fun for any toddler. I definitely recommend it as a baptism gift for a new baby.

My almost 2 year old grandson loves this book I love the cute illustrations and easy to read messages. We also have and love the Catholic prayers book that has similar style artwork.

Baby's First Bible, (A Carry Along Treasury), is a wonderful first Bible for a young child. The stories are just the right length, and the illustrations are very nice. I'm looking forward to sharing this with my soon-to-be-born grandson. I'm a retired school librarian, and I'm very pleased with this Bible's chosen stories from the Old and New Testaments and the pictures. I'm also a retired elementary school teacher, and I like the suggested activities to do with a young child that go along with each story. Plus, a child will enjoy looking through the windows that are on some of the pages.

Very nice size and quite sturdy. Colorful pictures. Great product for a little one, especially with the handle to carry the book along

I have bought many of these for grandchildren and friends' babies. Wonderful teaching tool, not just about the Bible, but about learning the names of animals and other objects, as well as counting items. Excellent craftsmanship. Wipes spills and jelly off wonderfully. Kids love the handle and the fastener. I treasure one from a teen grandson that is "all to pieces" from love and learning.

My special needs granddaughter is sixteen and was given one at birth. She has worn out her second 'Baby's First Bible'. She does not talk but does make her wishes known. It is one of her favorite books. I practically know it by heart. I will be ordering another for her. The one I ordered recently was part of a shower gift for my niece's identical twin daughters due in Oct. It also arrived in time for the shower I gave for the twins yet to be born.

Love the little handle on this Bible. My kids like to carry it with them. The colors are vibrant, and the words are simple and easy to understand. This is a super cute little book. My son destroyed the first one we had, so, I bought another. We incorporate this small Bible into our nighttime routine. It is NOT comprehensive, but is a great starting point for conversation with your children.
