Students will learn 2500 simplified Chinese characters with Chinese pinyin (pronunciation and tone) to achieve a 98% proficiency level, will master the skill to decode characters and construct phrases through games, and be on their way to read, speak and write like a native. Chinestory is designed for learners of all ages. As long as you have an appetite for stories, a heart appreciative of beauty and art, or an inquisitive mind, then the book is right for you. Independent readers from 2nd grade and up should be able to read the English text without many difficulties. Learners in first grade and below should also be able to enjoy the storylines and the images, as well as to identify the symbols of the Chinese characters by having the stories read to them.
