The 5 Things Every Teen Should Know About Sex

Synopsis

S.E.X. | Sex, Sex, Sex! It's everywhere! On television. On social media. In magazines. At school. The mall. The beauty salon. The barbershop. It's everywhere! And guess what? Everyone has an opinion about it too! Your friends. Your friends' friends. Your parents. Your coach(es). Your pastor. Even your grandparents! You see, our society is built around the idea that sex sells • and not surprisingly, it does. That's why it's everywhere you look and also, why so many people have such strong opinions about it. But, you know what? When it comes to sex, to have or not to have, the thoughts and opinions of others won't matter as much as those that you develop on your own. Ultimately, you will need to be able to answer, for yourself, important questions like: • What is the purpose of sex? • When is it okay to have sex? • How many sexual partners is it okay to have? Is there a limit? • How can sex affect me? Physically? Emotionally? Spiritually? • What's the point of waiting until I'm married to have sex? • What does it mean to be abstinent? The 5 Things Every Teen Should Know About Sex is intended to help you in your journey to answer the above questions for yourself. You see, to get a proper understanding of sex, you must first see what its inventor, God, has to say about it. After all, He created it, so who better to learn from? With this new knowledge, you will be able to make the right choices about sex; choices that will protect you and ultimately, please God.

This is a simplistic guide for teenagers into the complex world of sex without giving them parental type instructions. It is a must read for all teenagers. It is a quick one-night read. The author really nailed it for the teenagers, parents, and mentors.

I was a huge fan of Mosley's last book "Rededication", which outlined his personal journey and struggle with sexual sin as a young adult, so my ears perked up when discovered that he'd written a book on sex targeted towards teens. In this day and age, sex is glorified by the internet and social media, and is more prevalent in society than ever, particularly for our young people. Yet, there is very little meaningful discussion and guidance around the topic. Mosley jumps right into this void with this book. "5 Things Every Teen Should Know About Sex" addresses in an accessible and relevant context how sex should be thought about from a biblical but yet practical perspective. A relatively quick read, it's the perfect length for a teen's attention span and is just as candid and authentic as his first book. What I like most is that "5 things" strikes a perfect balance between referencing scripture and delivering practical insights, such as highlighting that while many men spend much of their time in their younger years pursuing women, most when seeking their future wife apply significant value to how FEW sexual partners a woman has had. This book is truly an awesome read, and a perfect gift for young men and women in your life who are in the midst of those critical teenage years. I personally bought 5 copies myself and gave them out as Christmas presents to my nieces and nephews a few days ago. Mosley's done it again!

This book is a great read for pre-teens and teens that are starting to be curious about sex and need

honest, biblical answers. It can be a useful tool for parents that struggle with having a down-to-earth conversation with their children about sex as well. I wish I had a book like this when I was teen.

This book is a must read for teenagers. The author was very transparent when dealing with the topic of sex amongst teens. Highly recommended for individuals that work with children.
