Fodor's Norway, 8th Edition (Travel Guide)

Synopsis

Take a train ride up a 2,850-foot scenic gorge, watch the midnight sun rise from the deck of your boat, wander through a village of ancient stave churches and sod houses or stroll by the gabled warehouses of Norway's most charming wharf. Fodor's Norway, 8th Edition offers all these experiences and more! Our local writers have traveled throughout the country to find the best hotels, restaurants, attractions and activities to prepare you for a journey of stunning variety. Before you leave for your trip be sure to pack your Fodor's guide to ensure you don't miss a thing. The San Francisco Chronicle sums it up best: "Fodor's guides are saturated with information."- You won't find a more accurate, current guidebook anywhere.- Unlike other travel books, Fodor's guides rely heavily on local experts who know the territory best- so you know you're seeing the real Norway.- We give you the planning tools you need to tailor your trip. We give options for all budgets. You make the choices.-----With Fodor's, you get much more than a guidebook- we make it easy for you to customize your dream vacation. Visit www.fodors.com to find up-to-date travel bargains, mini-guides to worldwide destinations, information on local festivals, dazzling drives, maps, vacation planning tips and much more! And, for more insider secrets, visit "Travel Talk" and "Rants and Raves" online at www.fodors.com/forums to get advice from other travelers like you.

Product Dimensions: 5.2 x 0.7 x 8 inches

Shipping Weight: 10.4 ounces

Average Customer Review: 4.3 out of 5 stars 5 customer reviews

Best Sellers Rank: #886,131 in Books (See Top 100 in Books) #110 in Books > Travel > Europe > Finland #125 in Books > Travel > Europe > Norway > General #136 in Books > Travel > Europe > Sweden > General

Customer Reviews

Every Fodor's Guide is researched and written by resident experts.

great book for touring. highly recommended

It is very informative. I hope that Fodor's publishes a new edition, with more up to date information about hotels.

If you expect any pictures to give you a feel for the place, then don't buy this book. The picture on the cover is the only thing you'll get. Where I'm coming from: I don't travel to shop, eat, meet the locals or absorb new culture: I go to see beautiful man-made and natural wonders. An hour spent at a sidewalk cafe absorbing the "atmosphere" is an hour that could be spent seeing more of a castle, cathedral, museum, mountain, lake etc. Perhaps if you already know what you want to see, what's worth seeing in Norway, then the information in the book might be useful. But if you've never been to the place before, BUY THE EYEWITNESS SERIES books, they have pictures and 3D perspective drawings of specific neighborhoods give a nice feel for what one might want to see.

Fodor's latest tour guide to Norway is, like other editions in this series, heavy on facts for planning and light on wow factor. This edition, a compact 200 pages, provides plenty of information for planning a trip to Norway, especially for the traveler who has already made the decision to go. The guide provides a useful summary of Norway's many attractions, lots of information on traveling to and around Norway, and breakdowns by region of the principal attractions. Oslo gets lots of coverage as the major city, principal point of entry, and home of the best shopping and museum hopping. The guide also provides lots of information about the spectacular west coast of Norway, the fjord country, based on its status as a major tourist destination. Interior Norway gets rather less coverage but can be just as rewarding for the traveler looking for quiet forests and mountains. Each section typically includes suggestions for accommodations and dining. Each section also includes sketch maps that might be used as the basis of a tour itinerary. Norway has a somewhat limited road network, but compensates with excellent internal air and rail systems. Travelers may wish to consider these options in planning their movement around Norway, a surprisingly large country. Fodor's Norway does not have any photographs or other illustrations beyond maps; visitors seeking a sense of place and scale will have to consult elsewhere. The level of detail in such a compact guide is also limited. Travelers with particular interests such as hiking are advised to consult more detailed guides on Norway's trail and hut system. This guide is recommended to the traveler planning a first trip to Norway and needing lots of basic facts with which to plan.

This was a gift for a friend
