Rick Steves Snapshot Basque Country: France & Spain

Synopsis

You can count on Rick Steves to tell you what you really need to know when traveling in the Basque Country. In this compact guide, Rick Steves covers the essentials of the Basque Country with coverage of St. Jean-de-Luz, The Bay of Biscay, and Bayonne. Visit the Eglise St. Jean Baptiste, the Plaza de la ConstituciÃ³n, and experience both the French and Spanish aspects of the region. You'll get Rick's firsthand advice on the best sights, eating, sleeping, and nightlife, and the maps and self-guided tours will ensure you make the most of your experience. More than just reviews and directions, a Rick Steves Snapshot guidebook is a tour guide in your pocket. Rick Steves' Snapshot guides consist of excerpted chapters from Rick Steves' European country guidebooks. Snapshot guides are a great choice for travelers visiting a specific city or region, rather than multiple European destinations. These slim guides offer all of Rick's up-to-date advice on what sights are worth your time and money. They include good-value hotel and restaurant recommendations, with no introductory information (such as overall trip planning, when to go, and travel practicalities).

Best Sellers Rank: #55,128 in Books (See Top 100 in Books) #1 in [Books > Travel > Europe > Spain > Basque](#) #53 in [Books > Travel > Europe > Spain > General](#) #70 in [Books > Travel > Europe > France > General](#)

Customer Reviews

Rick Steves has spent 100 days every year since 1973 exploring Europe. Rick produces a public television series (Rick Steves Europe), a public radio show (Travel with Rick Steves), and an app and podcast (Rick Steves Audio Europe); writes a bestselling series of guidebooks and a nationally syndicated newspaper column; organizes guided tours that take thousands of travelers to Europe

annually; and offers an information-packed website (RickSteves.com). With the help of his hardworking staff of 80 at Rick Steves Europe, Inc. in Edmonds, Washington, just north of Seattle; Rick's mission is to make European travel fun, affordable, and culturally broadening for Americans.

I use to love rick steves but this trip i felt like every recommended tapas bar was filled with american tourists, it really took away from experiencing the local life. I ended up skipping the recommendations and heading to places filled with locals. Still love the books to use as guides for touring museums etc and tricks in saving time.

Stevens in this little book is concentrating on the most touristed coastal areas on Basque (northern Spain). Not much on the more mountainous smaller villages.

I've used Moleskine journals for several trips. One thing I've always disliked about them is that there are sections for things like "meals" or "hotels". I've always cut those section names out before taking a trip because I don't use those sections nor do I like to be treated like a child and told what to write where. The Rick Steves pocket travel journals do not have that nonsense. Other than that the books are very similar.

Wonderful suggestions. We used it for tours and restaurants. Awesome.

Rick Steve's books are always top rate!

Limited book. While it covered much of the Basque experience, it did not cover other surrounding towns like Oviedo. That part of Spain was quite charming, but not touched by the book.

Great book

I realize this is a 'pocket' journal, but it was disappointingly small. I was hoping for something that would more of a keepsake after our trip. And, I would have rather purchased something a little larger with more pockets.
