Ich Liebe Deutsch! | German Learning For Kids

Synopsis

Many have thought that learning a foreign language is all about linguistic development. Well, studies show that it is more targeted to cognitive development than linguistic. Problem solving skills and critical thinking skills are improved through language learning. Memory, object permanence, multi-tasking abilities and creativity are boosted too. Use this book to help your child learn German.

Book Information

File Size: 2474 KB

Language Study > German #53 inÂ Books > Teens > Education & Reference > Foreign Language

Study > German #61 inÂ Kindle Store > Kindle eBooks > Literature & Fiction > Poetry > German

Customer Reviews

There are two major problems with this book. Firstly there are misprints on five pages of the relatively short book; secondly even if all the pages were printed correctly there is only space for the children to practice writing each word or phrase once. It seems impossible that the misprints went unnoticed by the publisher, until you notice that the name of the publisher is actually Speedy Publishing. The cover illustrations were done by 24HR Covers, which leads me to believe that thoroughness might not be the publisher's main focus. That said, I didn't find any real problems with the covers themselves. After all, most "Baby Professors" do enjoy a good pint at the end of the day. Der Apfel!
