The Wyoming Kid

Synopsis

Rediscover this heartwarming, fun romance by #1 New York Times bestselling author Debbie Macomber. Rancher Lonny Ellison has never known a woman like Joy Fuller. She doesn't seem very interested in him, and as a former rodeo cowboy, the Wyoming Kid is more used to being mobbed by women! And he and schoolteacher Joy seem to argue constantly. But it doesn't matter, because he's not interested in Joy, either. Except maybe he is. Now he just has to convince her that opposites attract! Originally published in 2006

Customer Reviews

The Wyoming Kid is a simple romance that could take place in any small town. The western part is on the periphery and I wonder why it is played up in the title. I guess someone in a romance story has to be obtuse to add a little tension. Much too often it is the woman who has to be the idiot. In this story both the man and the woman are downright relationship-stupid. Predictably, the woman is slower to come to her senses, so needs to be guided by her clueless man. Interesting story, though.

I very disappointed with this book. The story was so simplistic that you knew exactly what would

happen step by step. The characters had no depth, didn't care what happened to them. Very surprised at because Ms. Unabomber books are usually very good. Don't waste your money or time..

Debbie Macomber did I again. Really enjoyed this book. Held my interest the whole time. I highly recommend this book.

Good book.

Great read!!! A nice way to spend an evening with a fire, a cup of tea and a warm blanket

GREAT WRITER ... also great stoys not much more to say she is awesome writer along with all the other books she write

Rating: 2.5 stars. NO sexual content.Note: Stands alone read. Loosely related to Denim and Diamonds.EASY READ. Nicely written, likable characters, strong small town family theme, sometimes funny dialogue, and a great secondary cast. HOWEVER, there is no real plot, the story drags a little, the characters don't communicate honestly, and the about face realization that they love each other at the end is too abrupt and just doesn't work. The relationship between the hero and his sister is sweet and much more genuine.THE STORY follows ex-rodeo "hottie" turned rancher, Lonny Ellison, and single school teacher, Joy Fuller. As the story unfolds Lonny's old battered truck is dinged in a near accident with Joy who runs a newly installed stop sign. This sets the scene for their confrontational relationship. Lonny is generally a hard-headed jerk whenever he is around Joy, who in turn reacts with self-righteous indignation. At some point, he suddenly realizes he loves her and sets out to convince her she loves him too.OVERALL, well written, but this a predictable, nothing special, cookie cutter storyline. There are much better books out there, or try one of her other books instead.You may also enjoy the complex characters and storytelling of N. Bruhns, A. Stuart, E. Palfrey, R. C. Ryan, or L. Wilde. For sweet, funny, heart touching romances with great descriptive imagery try Susan Fox and Cara Colter.

Just because Book Bub offers me an easy 99 cent easy read on doesn't mean I should take it. Couldn't get out of the first chapter. Lead character, Lonny, sputters and sputts like a foolish caricature of an crusty Curmudgeon. Wasn't expecting high literature, but jeez...
