Customer Reviews

The first half of this book does discuss what the title suggests. The second half of the book is page after page of all his other books, newsletters, ministries, etc. You spend your money so he can advertise to you! And he places all his marketing crapola in the table of contents, so you think that they are interesting chapters to be read. Oh no. They are just pages (with pictures to boot) of the books and products he wants you to buy. What a rip-off. Jonas should have given this eBook away for free, and then he could have suckered us all into being a captive audience to present his sales pitch. I would have not been too upset if that had been the case, but to charge me \$\$ so you can do a hard sale? Bad business for this author and minister. Even Amway people give you free donuts. I have one of his other books (print) on Witchcraft and Manipulation, which is an excellent book

containing real information. I thought this eBook would be the same, but it is not. The information at the beginning of the "pamphlet" is OK, but not earth shattering. However, the sales pitch contained in the entire second half is absolutely criminal. Jonas has many eBooks out there, and I would suspect they are all the same. I would not buy anything else from this guy. It is a shame that these ministers go the way of marketing and money scams using the expertise and knowledge that God gave them in the first place. BTW, I returned the eBook for a full refund!

I like the fact that this book was an easy read in minutes. It contained very simple but powerful ways to identify and better understand the subject matter. I'm ready to move to the next book.

I was expecting a book not a small 10-15 page pamphlet.

This book/pamphlet is not what I expected at all. If I had known what I was getting before hand I would not have made this purchase

Great on information

Separate from what the booklet has to say, I thought I was ordering three books the same size. One was a "book" the other two were booklets. The two booklets should have been included for free with the "book." Christianity is under attack without misrepresenting something sold by a Christian.

I was looking for new information. I'm already familiar with the key points of this book. For a new believer; it would be decent.

It is a small pamphlet, not a book.
