## Synopsis

**\*\*Note\*\*** This book was formerly called 'Almost Everything.' The publisher gave it a new title and made it part of the Bachelor Billionaire Romances to help readers more accessibly find the other character's stories in this series. Billionaire Montana Crew, country music superstar, thought he'd put the cheating best friend and ex-fiancée in the past. When the ex appears backstage bearing the news of his friend's death and thrusting an envelope in his hands, he's shocked and a little annoyed. Lily Ray Gold, L.R. Gold to her associates at the law firm, doesn't want to deliver the envelope with her best friend's last wishes. Nothing could have convinced her to look the "King of Country" in the eye again except Jason. She'd do it and she wouldn't lie, telling Montana she was finally done with him would feel awesome! When Montana shows up at Lily's law firm and extorts her into helping him figure out what Jason wants him to do, neither of them would have expected getting caught up doing their high school bucket list by surfing in Hawaii, riding in a hot air balloon, and climbing Devil's Tower. They both agree to finish the list for their friend, but when Montana proposes, Lily has to make a choice: "tell the truth or never have almost everything she's ever truly wanted. This is a stand alone companion book to Taylor Hart's Last Play series and Bachelor Billionaire Romances.

## Customer Reviews

The story was well-written, but it had many very heavy topics to deal with. Friendship, first-love, abuse, sickness, abandonment, grief, and guilt are all woven into the story. Both Montana and Lily have to overcome bad decisions of the past and drop their walls in order to have a chance to live happily ever after. More tears than smiles for me in this story.

I loved this! It is such a sweet story about love, friendship, and forgiveness. I highly recommend reading this book (along with the rest of the books in this series)!

Fun, enjoyable characters that were allowed to develop without endless pages of sexual escapades. Thank you Taylor Hart. I love this author and I thoroughly enjoy reading her books.

I have enjoyed all of the Bachelor. Billionaire Romance series Each one kept me reading until I finished it in one day Hopefully each of you will be inspired to add to the series. Diane

I fell in love with Lily and Montana! Loved how this book played on how their rough childhoods influenced the decisions they made for good or bad.

The Country Groom: Bachelor Billionaire Romances is by Taylor Hart. It is a really good story and one that requires tissues. It is easy to read in one lengthy sitting and leaves you with a good feeling. Perfect for summer reading. Montana Crew has everything he ever wanted. He has his career and is getting ready for another concert with twenty or thirty thousand fans in attendance. His friend Tiffany Chance and her band are warming the crowd up. His friends are with him and he is feeling great. Dreams can come true and he was living it; but there is something missing. Something that he doesn't want to share with anyone. He thinks he sees Lily's golden-white hair. Of course, she wasn't here. Lily Ray Good was in the audience. However, she was only on the edge and she was there only to deliver an envelope as she had promised her longtime friend, Jason, had asked her to on his death bed. She was going to give it to him and leave just like he had eight years ago. What was Jason wanting after eight years? How did he die and why wasn't

Montana notified? Can Montana and Lily just ignore their past?

I love this book. I love all of Taylor Hart's books. She writes very well and the story is about a country music star and the girl he left behind. It is an excellent, clean book and I highly recommend it.. I just finished reading it for the second time and it's still great. I love the whole series.

Incredible story. I love Taylor Hart. I love to read, but find it difficult sometimes to find good, clean romance stories without foul language. Taylor delivers every time.
