131 Creative Conversations For Couples: Christ-honoring Questions To Deepen Your Relationship, Grow Your Friendship, And Ignite Romance. (Creative Conversations Series)

Synopsis

Take your relationship from dull and bland to passionate, inspired, and connected as you grow your insights into your partner's inner world! This book is for every couple desiring to level-up their relationship. It will guide you in generating fun, creative, and intimate conversations, where you and your partner share your inner-worlds! Some questions are purely fun and designed to liven up the mood. Others inspire, and encourage you to dream about the future. There are also spiritual questions that guide you in diving deeper into your faith. Whether you are newly dating, or nearing your golden anniversary, these questions are for you!

The Story Behind The Book Before Jenny and I married, I kept a book of questions in the glove compartment of my car. The two of us, worked through the book--question by question--at coffee shops, while relaxing on the beach, and over dinner dates. I am honored to pass on a new book, filled with new creative conversations, to future generations. Download this book, carry it on your phone, and never have a boring date again! Place a paperback copy on your coffee table, and stir-up inspiring conversations at home. Bring it on road trips, dinner dates, or go thought the questions during summer bonfires. These creative, Christ-honoring, conversations are sure to lead to many incredible conversations, and create happy memories that last a lifetime!

Conversation Starters Include: Imagine that you could send a letter back in time to your younger self. What would your message say and to which year would you send it? What are you currently doing to nurture yourself spiritually? Are there spiritual activities that you did in the past that you miss? Would you rather be unable to have children at all, or only be able to birth quadruplets? Why?

This book is part of the Creative Conversations Series, which includes:

- 131 Creative Conversations for Couples
- 131 More Creative Conversations for Couples
- 131 Necessary Conversations before Marriage
- 131 Creative Conversations for Families
- 131 Creative Conversations for Kids
- 131 Conversations for Stepfamily Success

Customer Reviews

So far this book is great! Perfect even for long distance relationships. Highly recommend for any couple in any situation.

131 Creative Conversations For Couples: Christ-honoring questions to deepen your relationship, grow your friendship, and kindle romance. Jed Jurchenko is full of questions, and he has shared almost 800 of them in his series of Creative Conversations by which people can relate to each other in meaningful communication. This book is one of two for couples. There are four others; one before marriage, one for families, another for stepfamily success, and one to engage kids. The idea of using prompts to open up or liven up a time with others is a great idea. They provide a neutral source of origin, so that "being nosy" doesn't dampen the activity. You can just have fun! I recommend this book. It's a great assist for getting to know someone a little better.

If you're dating, engaged or married, this book is a great conversation starter. The questions in this book provide an excellent launching pad for exploring the universe through the eyes of someone you want to know better.

As an INFJ I love questions like these. I will likely return to them for further self-reflection. However, my husband would be annoyed if I suggested working through a book of questions like this with his personality style. There were a handful of questions that asked something about children worded in such a way that assumes that the couple has kids or plans to have kids. We do not. A slight wording

change would have made me feel more included such as if you have kids or were to have kids in the future . . .

By concentrating on the three basics of love, friendship and romance Jed engages the reader with a veritable what's what of conversation "ice-breakers". The fact that these questions relate to someone closest to you makes the purpose of his book so worthwhile. Jed's mind is clear, and his clarity shines through...a very useful addition to this reader's library.

I love to engage in meaningful conversations so this book is the perfect tool to help do exactly that! We all need a little help with creative questions that will launch us into a long and intimate dialogue with our loved ones. If you're looking to deepen your relationships, I would pick up a copy of this book today.

Bought it for my kindle. Great conversation starters for my husband and I. So glad I bought it.

Good conversation starters. This is the book for couples who want to be more intentional about their relationship and life together. Strategies are included for the best ways to use and learn from the questions. Because of the sub-title, "Christ-honoring..." I expected the questions to be more connected with Scripture. If you're a Christian couple you can certainly use this book to deepen and strengthen your relationship by simply asking how would Scripture encourage you to answer these questions.
