# **Hunter (Winter Jacket Book 5)**

## Synopsis

The Winter Jacket prequel. It all started with a navy blue dress...In her junior year of college, Hunter Dyson has some big decisions to make about her future. She wants to be a nurse, that much she knows, but everyone from her parents to her academic advisor is nagging her about what kind of nursing she wants to pursue. But before she can worry about those details, she's got to survive Professor Graft's writing seminar. And her legs.

### **Customer Reviews**

I'm so glad Eliza decided to give her dedicated readers Hunter's side of the story. To read how Hunter was and leading up to the start of her relationship with Elle was amazing, especially to see Elle from a different prospective. I mean come on, there was things the reader didn't know about Hunter and bam the author surprises us with a prequel. What more can you ask for? Well maybe a movie?!?! Well what I'm trying to say is buy, read and enjoy!! Thank you Eliza for another awesome and amazing read.

I have loved this couple from Elle's POV from book #1 and now even more from Hunter's POV!

Writing and dialogue are superb as per usual of Mrs. Lentzski...if she'll only give us the wedding in the next installment so that my little lesbian heart will be happy and satisfied!:)

You can't not like Hunter and Elle.

I absolutely love this series of books. The first Winter Jacket book is probably my favorite romance novel and reading it from Hunter's point of view in this book just made me love it even more.

Here we are at book 5 of the Winter Jacket series and it's a dream come true for those of us so heavily invested in Elle and Hunter. We've all wondered what Hunter was thinking and feeling as she navigated her crush for Elle and here it is lovingly laid out in black and white. Honestly, it wasn't what I expected at all, and Hunter wasn't what I expected. In some cases, it's a stark collision of what we know about Hunter through Elle's previous internal dialogue and musings for 4 books. As Hunter's thoughts are revealed we gain insight as to why they ran so hot and sometimes got stopped cold. I highly recommend reading Winter Jacket first since they are about the same timeline, but mostly because you will be gifted a few Easter Eggs along the way that refer back to the first novel. This book was such a treat and I hope we see more from this universe of characters.

Yes, Hunter needed her story to be told and told it was! I have already read the entire series and was surprised and very happy to have the prequel. This was just such a long struggle for Hunter and as it turns out, for Elle, too. Hunter was so young and not really sure of herself. Elle felt guilty because of her position as a teacher infatuated with a student. Ms. Lentzski told their story in a most memorable way. Her words drew me into the book and held me there 'till the last page. Very romantic! The only problem I have with this story is that it commands me to re-read the previous books. What a wonderful thing to look forward to, right? Thank you so very much to the author for a most enjoyable read.

I didn't think it was possible to love this couple more, but I do. The change in POV texturized Hunter and Elle's story perfectly, and added valuable depth to Hunter's character. Hunter's struggle with her sexuality, feeling like the odd one out, and clouds of self-doubt lingering over her were so relatable, I felt transformed, walking in her shoes myself. I couldn't have gotten a better prequel to one of my favorite romances than this. Bravo.

like I've said b4 Im no fan of Prequels BUT... This was an awesome book i love these characters maybe thats why:) but the brilliance of Eliza Lentzski always brings her writing and books to life. Maybe a Prequel to DCMH on Julia's perception of Cassidy isnt such a bad idea.. Hmmm. :)
