# World Of Reading: Sofia The First Welcome To Royal Prep: Level 1

## Synopsis

It's Open House at the Royal Preparatory Academy, and the students are excited to show their families everything they've learned. Amber picks a special painting to show her dad and mom, but James accidentally spills paint all over it! Will Sofia be able to help Amber before Open House begins?

## Customer Reviews

Lisa Marsoli has been creating children's content for major entertainment, publishing, and toy companies for over 20 years. After holding Editorial Director positions at both Price Stern Sloan and The Walt Disney Company, Lisa founded Bumpy Slide Books, a full-service book packaging company that produced storybooks, novelty books, chapter books, and interactive books for a wide range of distribution channels. She is currently a consultant creating concepts and content for children's properties and related products. Lisa is the author of a number of published children's books, including two New York Times best-sellers.

My girls (ages 3 and 6) have been in love with the new Sofia the First Series on Disney Junior since

it came out. We were thrilled to see that they were starting to release some paperback books and we pre-ordered the first three books (The Royal Slumber Party, Sofia Makes a Friend and Welcome to Royal Prep) as soon as we could. They arrived a day before the release date from and we read all three of them that night as a family for their bedtime stories. They were all a big hit. We have already pre-ordered several more that will be released over the next few months. "Welcome to Royal Prep" is a nice story with a lesson. All the children at Royal Prep Academy are preparing for their school's open house. They practice singing and dancing and they pick out their best artwork to display. Everything is going great until James accidentally spills paint on Amber's favorite picture. James tries to hide the mistake but Sofia convinces him to tell the truth. In the end, everything works out great with a happy ending to the story and the children learn a valuable lesson about telling the truth. The inside back cover of the book has a fitting "Princess Lesson" that states "A true princess always tells the truth." Overall, this is a really nice book with great artwork on high quality glossy paper. It has a nice happy ending and teaches a valuable lesson. It is an easy level 1 reader that will be a confident read for your child. I always like to ask my girls what they thought about the story. My 6 year old said "That was so good" after the story was done and her favorite part was "when amber made a new painting" at the end. She also said the funniest part was "when James' painting looked awful" and she learned "if you always tell the truth, you won't get in trouble." My 3 year old said during the story, "That's so sweet" and her favorite part was when "James ruined Amber's painting." As you can probably tell, my youngest is the mischievous one of the family. My girls were very excited when we brought the book out and they really enjoyed it. As a parent, I appreciate how this book and TV Series has fun and positive storylines with great lessons for your children. This book makes a great addition to our storybook collection and will make an easy level 1 reader for both girls. Highly Recommended!

Excellent book and age appropriate for a Kindergartener that is ready to take the next step in reading. Pages are nice are stroing not like the cheap recycled "tissue paper" book that are coming out there these days.

My daughter loves this book

Totally enjoyed sharing this book with my granddaughter. Another great Sofia book for her book collection. Would recommend purchasing to any parent of a little princess.

My just-turned-3 year old daughter absolutely LOVES Sofia the First and these little "World of Reading" Sofia the First books are wonderful. The pages have a very nice, shiny finish and the illustrations are beautiful, especially for such a low price! We have several of these little books and she pulls them all out regularly to "read" them.

Great book. My daughter loves Sophia and gets very excited now that she can read the stories herself.

My daughter, 5, loves Sophia. She's beginning to read so this book is perfect. She recognizes the sight words & more since she has seen the show.

I have bought many Sofia books for my granddaughter . She loves anything Sofia because she is so sweet and little. She will be four in September and it is great shopping on line because I find everything I am looking for on Seasonality with free shipping on prime..
