Brain Droppings

Synopsis

George Carlin's been working the crowd since "the counterculture" became "the over-the-counter culture" around 1967 or so; his new book, *Brain Droppings*, surfs on three decades of touring-in-support. It's the purest version of book-as-candy that one could imagine, serving up humor in convenient, bite-sized packages. Snack on chewy one-liners like "A meltdown sounds like fun. Like some kind of cheese sandwich." Or: "If you can't beat them, arrange to have them beaten." *Brain Droppings* also contains highlights from Carlin's concert repertoire, and that more than makes up for the occasional spray of pointless nihilism. Tell us, George, what exactly were you going for with "Kill your pet" and "Satan is cool" Quick--hide the paper before Daddy sees it! Still, if you're a fan of this sarcastic semanticist who's given *Bad Attitude* not necessarily a good name, but at least a comfy bank account, by all means rush out and snag *Brain Droppings*. Carlin's book melts in your mind, not in your hand. --This text refers to the Mass Market Paperback edition.

Customer Reviews

If you love George, you'll love this book. I've read it over ten times since it first came out and I still laugh out loud. Not for the easily offended or those who cling to politically-correct language. A guaranteed mood lifter.

great product , absolutely to the target and very easy to use, adorable and I cannot be happier with this product. I got this item for my honest review and I was very satisfied.

I love George Carlin...love how his mind works. A very intelligent soul that will be greatly missed.

once a carlin devotee .. always a carlin devotee!

well i just love Carlin so the book itself is full of insight on how hard he works on his craft .. he is just relentless on his attack on language..

Equally packed with knowledge and humor, the insights within show perspectives that most dare not think. If you are offended by Carlin's logic, then you have a problem, not him. There is too much wisdom in this book to remember in one read. Ive literally had to stop reading and call a friend to laugh over what I had read.

It's Carlin, and I'm a fan.....what else need be said but delightful?

Best ever. So clever and funny!
