Ray Riegert lives in Berkeley, California.

Perfect book to use while exploring the Maui island. So many hidden beaches and areas that we would have NEVER found on our own. The book was amazing. Great adventures had! I will be looking for the 'Hidden' series books for all future vacations

This was a good, thorough reference book for any visit to Maui. By the time I flew over to Maui I had all of the history of the island and Culture read and key highlights for where I wanted to visit. Good entertainment and food recommendations as well.

Maui and you both deserve better than this book. 2 days into our trip I tossed this book out and got Lonely Planet and was much happier.

Book was OK, but not enough detail on the sites and places. We did use it for a good starting point for some sites and places to see and go.
