Contemporary Sociological Theory

Synopsis

This comprehensive collection of contemporary sociological theory is the definitive guide to current perspectives and approaches in the field, examining key topics and debates in the field. Collects the most representative material available on topics such as symbolic interactionism, phenomenology, structuralism, network theory, critical theory, feminist theory, and the debates over modernity and postmodernity. Includes examinations of the work of Foucault, Giddens, and Bourdieu. A new section for this edition opens up the debate on power and inequality. Thematically organized.

Customer Reviews

"The third edition of Contemporary Sociological Theory is generous and judicious, providing an authoritative guide to an ever-expanding and diverse field." — Bryan S. Turner, Presidential Professor of Sociology, CUNY

Bringing the collection right up to date, this third edition is the definitive guide to current perspectives and approaches in the field of contemporary sociological theory. Organized thematically, this volume includes the most representative material available on topics such as symbolic interactionism, phenomenology, structuralism, network theory, critical theory, feminist theory, and the debates over modernity and postmodernity. The theories of Foucault, Giddens, and Bourdieu are thoroughly represented in order to enable the reader to examine their work in depth and a new section opens up the debate on power and inequality. Accessible and yet intellectually thorough and with suggestions for further reading throughout, Contemporary Sociological Theory, in

conjunction with its complement, Classical Sociological Theory, offers readers a complete overview of sociological theory.

The book was exactly what I needed for class. It was in excellent condition and still in its shrink wrap when I got it. Happy with the purchase.

I needed the book for class. Kinda of hard to understand and it took forever to get to me

Well presented topics
