Customer Reviews

I just returned from 5 days in Naples (5/2010). This is a large (25" x 47"), easy to read, well detailed map. Street index on back. One reason for not giving it a higher rating is that the paper is light weight. Frequent use will no doubt cause it to tear. I would have preferred a thin, water-proof layer to both strengthen the paper and protect it against rain. Being as large as it is, it is thus difficult to use while simply walking within the city from site to site. For that, a map like the Streetwise map of Naples was easier to use. One very positive thing about this map is that all of the city is presented on one side (unlike the Streetwise map which places one half of the city on each of two sides) making it easier to tell distances and plan one's route as well as transportation.

Waste of trees. Poorly set up. No inset for the city center means it's close to useless if you are going by foot

Excellent map of Naples; very useful.
