ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, is the leading international map publisher with more than 425 map titles in print. The company's titles include many that are unique or the first of their kind, including an extensive series of travel and city maps covering Australia & Oceania.

It had enough detail and was perfect for what I needed as a first time tourist to the city.

We find that if we arrive with a great map we don't need to find one - everything is on line, but to plan excursions from day one it is always good to come equipped with a map showing tram routes, etc. This one was great! And the type and text was large enough to actually make routing easy.

This is a detailed map of Melbourne, but really it is an unnecessary purchase these days. I didn't use it the first time we were in Melbourne, and I didn't even bother to bring this second time.

Melbourne has a great tourist center with all sorts of free materials and assistance, plus there is a great free tourist tram around the central tourist area. Even the map we got in our hotel was totally adequate. Many people these days also have GPS on their phones. I guess I will donate it to the library book sale!

I will let you know after the trip.

Arrived super fast, great quality, great price! Thanks! sales and evaluation has been very good this is working Highly recommend. these have proved to be reliable Very inexpensive in comparison to other options on the market

This map definitely has the tourist part of the city, but not the entire city. I believe it will work good for us. I couldn't even find this online from the company that makes it.
