# Shine And Shimmer (The Glitter And Sparkle Series Book 2)

## Synopsis

All her life, Riley's followed in her perfect sister's footsteps, but now that she's graduated high school, she's not sure who she really is. When she meets Zeke, a brooding artist who's the very definition of trouble, she decides to throw caution to the wind and set her sights on a guy no good girl would dare bring home to her parents. Just when things are looking promising with Zeke, in steps Linus, a genuinely nice gamer who's just a little (or a lot) geeky for Riley's tastes. But where Zeke is the bad boy she's always dreamed of, Linus just might be her knight in shining armor. By the end of the summer, she's going to have to choose, but if she takes too long, she just might lose them both... The books in this series share characters, but each is a complete story and may be read as a standalone.

## Customer Reviews

This is typically not my genre that I'm interested in, but after reading other fantasy series by Tapscott I thought I would give it a go. It was the PERFECT stay in bed, curl up with a coffee and enjoy a few hours to yourself. It was what I needed after a busy week. I was lost in the characters

and it was perfect how Tapscott wrote about the "love triangle" in a way that hasn't already been done a million times over where the reader is rolling their eyes at it. This was just perfect- 5 stars!

I am a big fan of Glitter and Sparkle, so I was excited when the second book in the series was announced and even more so when it showed up on my Kindle this morning. Shine and Shimmer is a quick and easy read, but oh so charming. This time the story revolves around Riley and her navigation of that often awkward transition from high school to college. I loved seeing the growth in her character, but the character I adored was Linus. He is totally worth a companion novella (pleeeeeease!!) Linus showed that being a nice guy does not equate to being a boring guy. He was brave, geeky, charming, and eminently lovable. A truly sweet, romantic read. Looking forward to book 3 in this series. 4.5 stars

This was cute, well-written, clean, and had an overall nice story line. The romance was a pretty slow-burn type of romance. It's just personal preference but that's why I'm only giving it four stars. There was a lot more friendship than romance. This was mostly due to Riley's feelings being all over the place.

Loved this one! I loved the first one, Glitter and Sparkle, too and I can't wait for the next one about Harper. This book took me right back to my summer after high school. Riley is a really fun and lovable character and you can feel all the roller coaster emotions she goes through. This story is sweet and fun and it's hard to put down once you start...not because of any suspense or mystery but because you really connect with the characters and want to spend more time with them.

Such a fun and enjoyable book. Another wonderfully entertaining story by Shari Tapscott!

Very funny and cute!

I absolutely adored this book! Following Riley's journey as she finds her way after graduating was so relatable and inspiring! What a wonderful way to encourage girls everywhere to be themselves! Fantastic job, Ms. Tapscott!

Loved this clean and sweet romance!
