Customer Reviews

The Coming Storm is book 2 of Tracie Peterson's Heirs of Montana Series. It becomes a MUST READ as book 1 leaves you hanging. One has to get book 2! And then, Ms Peterson skillfully re-introduces certain characters into the plot so that the reader eagerly follows this book through to the end. The historical evidence of this era leaves one thankful that we didn't live during the time of settling the country as a homesteader. Prejudices are also skillfully portrayed between races and

classes, leaving the reader thankful for the freedoms and acceptance generally given today. Kudos to Ms Peterson for this series presenting history and clean yet enticing romance.

I finally collected most of her books so now i get to read and enjoy! I got hooked on several of her books and i compare them with Karen Kingsbury and Beverly Lewis. good clean, Christian, romantic and funny books. with a message which is so important to me! You can't go wrong with any of Tracie's books! I only buy from .com and they are much better then the so called wholesale Christian book places, no shipping you can't lose! Enjoy! God Bless You!Warmly,Darlene :)

I chose to rate this book with a 4 because yes it is a very good book but because it is part of a series some parts are left out. two I noticed was 1. Zane went back to be court martialed and gave this great speech but you have to guess at the results. 2. Portia and Ned got married and then they disappeared. unless something is written in the next book it left you hanging. I do love the way Tracie is able to write with a spiritual maturity that has me bookmarking pages to be able to go back and be inspired again. I recommend this book to believers in Christ as well as nonbelievers in hopes that they will be led to believe.

I am enjoying this book very much. Tracie Peterson is one of my favorite authors.However, in this story, The Coming Storm, I am noticing in several places the #8 is in the middle of a sentence. I wonder if its a Kindle thing does the #8 appears in all forms of this story, ie(paperbacks/hardcovers). It serves no purpose to the story that I can tell and is a little annoying. Thank goodness it hasn't interfered with my enjoyment of it.

Great storyline and a fantastic series. You must read the whole series to get the whole story.

I love Tracie Peterson's books, love stories are the best and so far this series is great! I am going to the read the other 2 now and see how they measure up.

Wonderful book. Captured my attention the whole way through. Can't wait to read the next book in the series. Thanks

Oh my! I did not want to put this book down. I felt like I was living it. Traci Peterson has a way of drawing you into the story and making you feel that it's your life. I shed tears just as the family did

when Bram died and so much joy when Lucas was born. Cannot wait to start the next part of their journey.
