BEACH WEDDINGS: The Complete Guide To Achieving The Fun, Fabulous And Affordable Wedding You've Always Wanted

Synopsis

Planning a Beach Wedding from a distance can seem like a formidable task, as you long to be married on your favorite beach, with your closest friends and family there with you. It doesn't need to be intimidating at all. As a Wedding Officiant, running a Beach Weddings service for 17 years, I have been through all of the ups and downs of planning from another state. We cater to every couple, whether it will be just the two of them, or they are inviting 150 of their closest family and friends, and I understand that the process can be a bit nerve-wracking! Each couple's ceremony is the most important one in the world. Not just to them, but to me as well. I know that when a couple is planning their only wedding, that they are excited, and want to have every single answer possible, as quickly as possible. Then they can take some time to consume everything and begin to make decisions. In my business in Ocean City, Maryland - Ocean City Weddings - I strive to respond as quickly as possible to each and every request. Even though the questions are often the same or similar, I never get tired of answering each one for every couple, as many times as they need to ask, to get the answers they need. After all, it's new to THEM. To help couples everywhere, as summer Beach Wedding planning season is in full swing, I wanted to put together as many questions and answers as I possibly could, to make that beginning-planning process just a little bit easier. Covered inside are topics from how to choose the best location for your specific ceremony, to how to decorate; what ceremonies and traditions to include; who pays for what; what to do for favors; what music to play; what to wear; inexpensive wedding cakes and receptions; photography... and more. If I haven't covered it here, send an email to me with your specific questions, and I will do my best to respond to you with the information you need. Then I will put together an add-on and send it to everyone who has sent me an email to request future updates. I look forward to your feedback on the book, any typos you can find and anything else you would like to see covered in detail. I will include those topics in the revised and updated version, and see that you get the updates. Just let me know that you want to get them. Help me tweak this version before it goes to print. Thank you to the 2000+ couples that I have married over these past years since I founded Ocean City Weddings back in 1998. Without you, your feedback and your original ideas of things you would like to include, I wouldn't have had all of the incredible experiences that I have enjoyed with you and your families and friends all these years. Come see me for your Beach Wedding and Renewal of Vows. I look forward to meeting you and celebrating your love in Ocean City, Maryland. Pastor Mary

I can't remember anyone suggesting a beach wedding in the English seaside town where I grew up. Pebbles, icy sea, slimy seaweed and howling winds were more what I was used to on a trip to the beach - and that's not a perfect backdrop for your wedding day. But Pastor Mary's book awoke the dreamer in me - with her gentle, careful explanations she effectively and confidently shows you how an idyllic beach setting really can work for that special day - and what's more, it turns out that it doesn't have to cost a fortune. I loved her suggestions for unusual celebrations and ways to get guests involved, maybe taking a little bit of the beach home with them, or leaving inscriptions on flat stones for the newly-weds to treasure as a memento of the day. A really good informative read, and one of those books that really just after you've read you say, "well yes, why not?" An excellent and practical guide - hoping I'll be invited to a wedding on a beach one day!

Beach Weddings contains everything you need to know about planning your wedding on a beach! Pastor Mary Mazzullo shares her expertise of having been a part of beach weddings the last 17 years to provide an encyclopedia of all the details, large and small, that need to be taken into

consideration. This book is a must read for anyone planning a wedding by the sea!

Mary certainly speaks from experience. Tons of practical advice and ideas, even if you didn't choose a beach wedding a lot would be helpful for anyone planning an event like this. The book takes you through step by step on the way to planning and holding your own beach wedding. A must read for anyone about to get married on the beach!

Very sweet lady Mary is and the planning went so smooth and the day couldn't have been anymore beautiful!! What a great book so happy for you..love Sam!!

Excellent resource for anyone planning a beach wedding. There is a lot to think about and plan for, and the author lays it out to make it much easier.

A generic guide with no useful information

Thanks you Mary E Mazzullo for preparing this very great book. I loved the book and wish it was available several months ago as ammunition to convince my younger daughter about the importance of having her wedding at the beach. I got her to consider having the wedding near, but not the beach -- she had the ceremony on a large lake and everything was fantastic, but later, she admits that the beach would have been the best place. Now that I have your book, I'm learning everything I'll need for creating a wedding at the beach for my second daughter. The book is easy to read, loaded with advice, and some step by steps details to follow to have a successful beach wedding. The author, an established photographer and minister, knows all of the advantages and problems you'll encounter since she's organized loads of beach weddings. I would strong recommend this book for parents looking to help organize an exciting and memorable beach wedding for their children. For me personally, my wife might not know it yet, but I'm using the book to organize a Renewal Ceremony at sunset for she and myself. So, if you've been married for a bit and looking to re-new your commitment, then consider having a ceremony at the beach.
