Triumph Books is a leader in quality and innovation in sports publishing and also publishes pop culture and current events books. They are based in Chicago.

Good book, very well illustrated. I expected a more tutorial on how to make various builds, instead it was more of a showcase of other's builds without instructions. Title somewhat deceptive.

Was very excited for this book but I thought it would have more details about the actual building. Like, more strategies or how to build in mods but it just has a bunch of pictures pretty much.

If you just bought the game and know nothing about Minecraft, this is the book for you. It explains

how to build and the materials you need. It explains monsters, how to kill, what weapons to use and how to beat the game. Very informative for a beginner

Perfect book for any age who enjoys mine craftexplains in detail how to do a variety of things

was purchased as a gift. the child loves it. super minecraft child. recommend highly.

My son reads this all the time.

It's just what my grandson wanted.

Son was not real impressed "old stuff"
