

Synopsis

Sydney, Melbourne, Brisbane | Whichever city or part of Australia your family plans to visit, make sure you have the Kids' Travel Guide • Australia. A unique travel guide and activity book in one, it's the fun way to discover Australia! All about Australia, especially for kids • geography, fascinating history, and flags and symbols, as well as culture, food, and even Australian animals and sports! Fun, educational, and engaging • Leonardo, your kids' tour guide, will take them on a journey through Australia and keep them interested with fun facts, "juicy information," quizzes, special tasks, coloring pages, and their own travel diary. A bonus for parents • As a parent, you are invited to participate in your children's activities or to find an available bench and relax while your kids learn and enjoy. A personal book that becomes your children's souvenir of the trip • When you return home, the guidebook and diary will become a memoir of your Australian vacation that the whole family can treasure for a lifetime. Now available for e-book readers too! Kids' Travel Guide • Australia is an interactive travel book that includes quizzes, tasks, coloring pages, a travel diary, and much more. While the print edition provides the most complete experience, you can now combine it with the e-book to engage kids fully. Take advantage of this special offer: Download the e-book FREE with the purchase of the print edition! More fun adventures • The Kids' Travel Guide series includes many more destinations: Spain, France, Paris, Italy, Rome, Thailand, Bangkok, United Kingdom, London, United States, San Francisco, Los Angeles, San Diego, New York City, and more. Choose from country guides or city guides • or get both in one combined edition. Go to the FlyingKids website (www.theflyingkids.com) to get your 40% Off PROMO CODE • plus a free copy of "Traveling Together • The All-Inclusive Guide to Traveling and Vacationing with Children." • >> FlyingKids makes your family travel more fun, enriching, and unforgettable

Excellent guide, a lot of interesting and useful information. Kids will enjoy reading this book while visiting Australia. In fact, although an adult, I enjoyed reading it, and found a lot of useful information that helped me to better plan family holiday in Australia. Not just for kids, it is useful for every parent!

Good as all the Shila wrote. My kids like it.

Great for children traveling to Australia

Would be cute but I received a book with pages that described the wrong things!!

Travel with children, at least until they reach the teenage years - and they might want to travel with their peers anyway - is not an easy task and sometimes it is fully understandable. You want to take them out of their comfort zone and bring them to far away places, where sometimes another language is spoken and there are no friends at all to hang out with. Fortunately, in the last years, inspired people found out intelligent solutions to make children more interested and keen to travel. This book is such an example. Guided by Leonardo, the little ones are getting to know

Australia, a far away country with a lot of interesting things to see and even taste - by the way, did you know that Pavlova, one of my favorite treats is an Australian trademark? this explains why it is so hard to find a good one in Europe...The details of the trip can be written down, diary style, including with details about packing, and funny quizzes are aimed at checking the knowledge accumulated over the day trip. It is simply written, in an entertaining style, with many drawings, colours and attractive pictures. The book is recommended to children able to read and write. It also can be read by parents creating a certain travel ambiance, with everyone part of the same team aiming at getting the best of the trip. Disclaimer: I downloaded the free version of the book but the opinions are, as usual, my own.

As a subscriber to FlyingKids website and mailing list. I read the new guide to Australia today. Wonderfully done! My daughter was born in Sydney and, although we moved to Hawaii before she was really old enough to remember her country of birth - I'm buying her the book. Kudos to Angie Droulias for getting tons of good info on a very diverse country into a small amount of space and in a fun and fascinating way that kids (and adults) will relish.
