Clinical Case Presentations For Veterinary Hematology And Clinical Chemistry

Synopsis

Introducing a new beautiful full-color reference on veterinary hematology and clinical chemistry that is comprehensive and practical. From basic principles and laboratory techniques to diagnostic evaluation, readers will find equally concise and clear coverage of both hematology and clinical chemistry for many domestic and exotic species. Also, features such as numerous full-color and black-and-white illustrations, coverage of avian and exotic hematology, and an extensive use of case studies make this reference a must-have for any veterinary reference library.

Book Information

Paperback: 100 pages

Publisher: Wiley-Blackwell; 1 edition (November 18, 2005)

Language: English

ISBN-10: 0781757991

ISBN-13: 978-0781757997

Product Dimensions: 8.5 x 0.2 x 11 inches

Shipping Weight: 7.2 ounces

Average Customer Review: 3.7 out of 5 stars 4 customer reviews

Best Sellers Rank: #1,145,614 in Books (See Top 100 in Books) #81 in [Books > Science & Math > Chemistry > Clinical](#) #163 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Hematology](#) #205 in [Books > Textbooks > Medicine & Health Sciences > Veterinary Medicine > Small Animal](#)

Mary Anna Thrall

I just love this book! It is not a textbook, but rather examples of CBC and chemistries with explanations, which is exactly what I needed.

That wasn't exactly what I was expecting, but I really like this book. It's a collection of different real clinical cases with blood work and description of clinical findings. It's set up that way so you could make your differential list first and then compare with authors' comments and explanations. This allows you to become more confident with reading bloodwork results!

This is NOT the textbook, it is a thin book filled with scenarios to analyze. Still useful for studying, but needed the required textbook for class.

Excellent .!
