in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Toys & Models > Models #19776

in Kindle Store > Kindle eBooks > Children's eBooks

Customer Reviews

not a very nice/clean result for the finished product. Book is poorly formatted. I write honest reviews regardless of the status of the author.

It took me about five minutes to read this "book", which is so poorly written it may take you ten minutes to get through all the bad grammar, misspellings, and incomplete sentences. The content of the book could have been properly covered in about 2-3 pages of any other modeling guide.
