The Outdoor Table: The Ultimate Cookbook For Your Next Backyard BBQ, Front-Porch Meal, Tailgate, Or Picnic

Synopsis

April McKinney celebrates the tradition of packing up your best food and enjoying a meal outdoors. When most people say they are going out to eat, they usually mean out to a restaurant. But it could mean a front porch brunch with your closest friends; a nighttime concert in the park; a tailgate party at the stadium; a moonlit dinner at the drive-in movie theater; or a picnic at a vineyard. Whether at a planned event or just an impromptu cookout in the backyard with your friends and neighbors, *The Outdoor Table* is your guide to creating portable dishes that you can prepare ahead of time and serve cold or at room temperature when you get to your destination that your family and friends will love. It's time to pack a picnic and start making memories.

April McKinney is an award-winning cook, food writer, and recipe demonstrator. She has cooked with Paula Deen and Claire Robinson, and she has demonstrated her recipes on national television shows such as the Today Show and Better TV, with regular appearances on Talk of the Town in Nashville.

I pre-ordered this cookbook. When it came, I sat down to flip through it. I was impressed with the range of recipes. I have made a couple of the appetizers that were a big hit; the Roasted Garlic Black-Eyed Pea Hummus and the Fancy Figs. They were both excellent. I have the pork chops for the Mustard-Herb Grilled Pork Chops in the marinade as I type this review. When I get a new cookbook, if there are two or three "keeper recipes" in it, I feel like I got my money's worth. This

cookbook has the potential to have MANY more keepers than that.

Great cookbook! I downloaded it yesterday, have already digitally bookmarked so many pages! These recipes are outdoor-friendly, but really appropriate for any setting. Some are known recipes with a twist, but others are new. They all seem to be very approachable with "normal" ingredients. Everyday, normal-people food that sounds delicious!!

I bought the kindle version of this book when it was on sale for 1.99 because, well, it was 1.99 and I figured if I even got one or two ideas for this summer it would be worth it. After looking through this book to find a recipe or two for a picnic I'm going to this weekend, I am very happy to say that this is one of the few recipes books that I would have been happy with even if I had paid full price. The first time I went through it, I think I put bookmarks on half the recipes. Although I haven't made any of the recipes yet, I have no doubt that the majority of them meet my exacting criteria for picnic food - easy to make for "not-great" cooks like me, easy to transport to picnic sites, most of the recipes use real food (not processed canned items) and delicious. I am also grateful to the author for making a vast majority of the recipes clear, easy to follow and not fussy. In my opinion, this book will be worth every penny you spend on it. I'm sure it will become a fast favorite for my summer picnic season.

Purchased 2 for Christmas Gifts...Best cookbook I've seen in a long time!! Beautiful presentation and design makes you want to read it from cover to cover. Not only is it perfect for outdoor entertaining, it's a great recipe resource for any year-round event or get-together!

Got it out of my library first and liked it so much I ordered it from you. Have already cooked a meal = Salmon with a maple syrup sauce - delicious!

I love when I get a great book at a bargain. That is this book. Grabbed off Bookbub, this book was loaded down recipes that I know I will make again and again. From drinks to desserts, all were easy to make and appealing on numerous levels. There was only a small handful of recipes that I felt I would pass on. Worth every little penny I spent!

I like a lot of the recipes here

Love this book. Will definitely be using for any picnic or gathering I have.
