The Ultimate Turkey Fryer Cookbook: Over 150 Recipes For Frying Just About Anything

Synopsis

The Ultimate Turkey Fryer Cookbook covers everything you need to know to make the most of your new (or under-used) turkey fryer. Author Reece Williams adds chef-inspired tips to his detailed, delicious recipes that will not only teach you how to cook the perfect turkey, but also explain the safest and easiest ways to use your turkey fryer. The possibilities are endless in this thorough collection: Try apple fritters, fried bananas, sweet potato donuts, or zucchini wheels. The Ultimate Turkey Fryer Cookbook will take away any fear you have of using your turkey fryer and make it one of your favorite tools to use in the kitchen.

Customer Reviews

It would be fun if these people told you "After the use of your greasy ass oil you will need to dispose of it". I used it----and I asked my local garbage man how to get rid of it, he said "You will need to go 20 miles to the landfill", In California, I thought they recycled. No chance. Peanut Oil.---Super expensive!The best Turkey I have ever tasted. I bought a 50 gallon drum at Costco, and bought a smaller deep fryer. The chicken is what it should be, delicious!Where can we get rid of the old oil?

That would be perfect!-----

Book has some great recipes. My turkey fryer is an electric so I have adjusted several recipes to meet the capability of my fryer. I would wholeheartedly recommend this cookbook for propane fired cookers. Temperature and cooking times are about the same. The amount of food to be cooked need to be adjusted for the electric cooker. Finally the cookbook is of value to both cookers.

Great recipes abound in this well illustrated cookbook. It is exciting to see how many things BESIDES turkey you can make in the fryer including: shrimp, chicken, veggies, etc. A must have if you have a turkey fryer. The price was excellent and delivery as well.

We've only once and were very satisfied with the results. There are recipes for all different types of foods to fry. I don't know if we will take advantage of them all but they definitely look like good ideas and recipes.

Turkey is only the beginning. I have been frying turkeys and more for over 7 years. I am of the mind that most things taste awesome fried. I have never injected my meats. I am TOTALLY going to get an injector and kick it up a notch. I can't wait to try some of the more interesting recipes. btw, I am on my third cooker right now. I have had a few different brands. My current cooker is a Bayou Classic. BEST. COOKER. EVER. Happy Frying!

Filled with good stories, the background of the author, his family, their restaurants, and how Cajun Injector (a staple at our house during the holidays) came into being. Can't wait for my new turkey fryer to arrive next week so I can try these recipes out!! I got a great deal on the book. It was a "Bargain Book" but arrived in almost pristine condition. The only mark on the book was a crease in the front cover.... something I can live with, no problem. For under \$6, you can't beat that with a stick!!!! Thank you !

Huge disappointment ... The book could be one big advertisement for this Chef Williams products. Nearly every recipe includes one of their products.

Great book
