Cats Undercover (Tuck & Ginger) (Volume 2)

Synopsis

Watch Out!!! This book is such a rollercoaster of crazy cat capers that you won't know whether to laugh or scream! Tuck, Ginger and Minnie are three cats living on an isolated farm. Life is sweet until two horrible humans arrive: the evil Pongs. When Ginger and Minnie disappear Tuck sets out to find them and then the adventure really starts. Cats Undercover will take you to an incredible world of secret agent catbots, fist-fighting felines and skateboarding skunk punks. Our heroes will face savage sewer rats, puddles of poodle piddle and even an audition on Kitten's Got Talent. But can anything prepare them for the Pongs' perilous plans back on the farm? Read this book if you dare, but DON'T FORGET TO FASTEN YOUR SEATBELT!!! Cats Undercover is perfect for fans of Jeff Kinney's Diary of a Wimpy Kid series, Lincoln Pierce's Big Nate series and the James Patterson Middle School series. Cats Undercover is the follow-up to the much loved Cats On The Run. This hilarious new book in the Tuck & Ginger series is adored by middle-grade children (and any parents who like to have a good belly-laugh). A laugh-out-loud family-friendly adventure story for kids, preteens and grown-ups alike, this is crazy cat comedy at its best.

Ged Gillmore is lucky to be the guardian of Tuck & Ginger - yes, the Cats on the Run DO exist. Ginger does indeed have six bellies, and Tuck is afraid of his own shadow. Ged's latest middle-grade cat comedy caper is the much-anticipated sequel Cats Undercover and it takes feline fun up a notch. When not writing Ged loves the opportunity to take his stories on the road to school children and library groups. More info at www.tuckandginger.com

I received this book for free from and I have no relationship to the author. I really liked this book. Yes, it was fantasy and yes, sometimes the style of writing was a bit irritating. But the story and plot was good. The switching back and forth from one cat to another every chapter was a bit off putting and I will confess if I had bought this book in hard cover or paperback I would be skipping chapters until I read all the chapters that concerned one cat at a time. Seriously though this book wouldn't have been so good if the plot wasn't so well crafted and written. I loved the two rats and the friendship between them and Ginger. And I'm so glad that Tuck found a real friend at the end. I can also picture in my mind Minnie and Dora because I had a beautiful three colored calico who had very long thick fur...yes, even in her ears! Unfortunately I had her spayed before she could make a little Mini Fraulein. :) All of the cat characters were well thought out and given great character. I felt for all of them in their separate situations. I am looking forward to the 3rd book of the series. Sincerely Helen

As a fan of Cats on the Run, the first in this series, I was really pleased about the release of Cats Undercover last week. I bought Cats Undercover for my 10-yr. old niece, and wanting to make sure she'd like her present, I bought myself the Kindle edition to read through before I order a hardcopy for her. First, Cats on the Run was really great, and Cats Undercover even better. I was worried, at first, that some of the British and Australian turns of phrase and humor wouldn't resonate with a young American reader, but it's really easy to follow, and I imagine anyone my niece's age will find the story and its telling very entertaining. What I liked most about the book is its genuine wit and intelligence. The book is full of whimsical turns of phrase, playful alliteration and sing-song language that made it a joy to read. At the same time, the book broached mature themes (fear, loss, insecurity), so it's not fluffy by any means (except for the cats). As for the three feline main characters, they are absolutely lovable, and more importantly, really developed, so that I invested in each of them. Each feline character has a really distinct personality that readers will find familiar (for example, one cat runs away from friends and home to find fame on the show Kitty Got Talent). The pacing is also really great. It might

seem like a long book, going by page count, but it's a page-turner, partly because it's action-packed, and partly because the author skillfully moves between three intertwined narratives, using short chapters that end in cliff-hangers to move the story forward. All around, this is a really enjoyable book that will inspire young adults (I hope) to have fun with language, learn some cat-fancy words and maybe even pick up a pen or keyboard to create their own adventure story.

I loved *Cats on the Run* so much and have been waiting for the sequel for a long time! Well it doesn't disappoint, I'm pretty sure that I laughed-out-loud at least three times over every page! Ginger and Tuck are as hilarious as ever, Minnie is as self-obsessed as ever and there are two new sidekicks - Bunk and Dora who both add huge belly-laughs along the way. Not only is the story hilariously funny, it also offers well-paced, edge-of-the-seat adventure for both Ginger and Tuck - though in very different ways! Every child I know aged between 8-12years will be receiving a copy of this fabulous book for their birthdays! David Walliams stand aside!

This is an excellent book which is not only lots of fun but also very easy to read - so it's perfect for the reluctant reader and the avid reader alike. I recommend it especially for children who love and are captivated by animals, particularly cats! Their imaginations will be captivated by the characters and their adventures and they won't be able to put it down.

A hilarious book with amazing character descriptions that made the cats come to life - I could easily imagine the animated version of the book. I hadn't read the first book beforehand (my nephew has and loved it!) but didn't feel like I needed to. I would recommend this book to readers of all ages. A great holiday read.

As adults we don't feel encouraged to select a kids story book as part of our reading list. Well... I'm telling you, add it. Ginger and Tuck are back on a new adventure joined by some new friends and when you turn every page you feel like you are an extra. The author really involves the reader in the story.

Owemjee owemjee buffalojee. They're back.

Cats on the Run. Author Ged Gilmore has done it again. Thank you for giving us another fun reading experience for the whole

family. Puuurfection.

This book was like a pixar film where both adult and child can enjoy it together, my 7 year old son laughed a lot and I shared quite a few giggles. Looking forward to the sequel!
