Cartographia, organized in 1954, is the largest map publishing company in Hungary. Its tourist, city, and road maps, and atlases, cover destinations throughout Europe and other parts of the world. The firm has also produced cartography for well-known map-publishing houses such as Falk, Ravenstein, Hallwag, Freytag Berndt u. Artaria.

There are not a lot of guidebooks/maps available for Bucharest. I found this map to be very useful in planning a trip to Bucharest. It was easy to use.

Used this map for a few weeks in the capital. It worked out well. The BIG problem is that a lot of the streets have more than one name. If you can gauge where you are and what street is probably there, you are good to go.

Used this map to plan out my trip and it worked out great ... Really detailed map with up to date ( at

time of publishing ) info...

Allows visitors to Bucharest to get around the city. Necessary addition to a tour book.

Very helpful
