Michelin Green Guide Ireland (Green Guide/Michelin)

Synopsis

The updated Green Guide Ireland, divided into regions for easy travel planning, presents the best of the country. Experience Dublin's vibrant atmosphere, unearth Irish folklore at Castlestrange Stone, and delight in Killary Harbour's wild beauty. The guide takes the guesswork out of trip organization. Detailed maps, short excursions, driving itineraries and Michelin's famed star-rating system ensure a variety of attractions and activities, as well as recommendations for the best places to eat and stay. This guide covers it all so you can craft your own travel adventure.

Average Customer Review: 4.4 out of 5 stars 13 customer reviews

Best Sellers Rank: #114,009 in Books (See Top 100 in Books) #46 in Books > Travel > Europe > Ireland > General

Customer Reviews

I have used Michelin Green Guides for many years. They remain a handy source of information even in the digital age, although I don't use any guidebook as a source of specific lodging recommendations -- there is far better and more current information available online with customer reviews. But this guide (and others) are better at suggesting routes, describing major sights/sites, and providing background information to inform planning. The Michelin series are a nice size if you pack a guide to accompany you on a trip. For the digital generation, guidebooks may seem passé, but they also serve as a nice reminder of the wonders of a trip.

Logical in its presentation, with fairly accurate descriptions of the various sites.

Michelin has always been our go-to for travel. We almost always agree with the star ratings. My husband likes to put it in his back pocket so we can easily refer to it. (Although this Ireland was

thicker than usual!)

Really love the Michelin guides. Nothing like them.

can't wait to use it in september

Although this guide has valuable information and should have been a tremendous help, putting it on my Kindle was a disasterous idea. The maps we're too small to be useful, the page references become useless in finding entries since my Kindle doesn't have page numbers. Use this in it's printed form or not at all.

perfect

Wonderful resource to have along on my trip. I generally rely on online information but this book was wonderful to have handy to look up anything and everything wherever we went. Particularly when internet access was limited. I also have one for Scotland and we relied heavily on the Michelin guide there as well!
