Resume Writing 2016: The Ultimate, Most Up-to-Date Guide To Writing A Resume That Lands You The Job!

Synopsis

Despite the growth of platforms such as LinkedIn, resumes remain an indispensable tool. With the job market more competitive than ever before, it's vital that you present the best version of yourself on paper. With hundreds, even thousands of resumes to sift through, hiring managers simply look for the smallest mistake to discard your resume and hire your competitor. Let's face it: Most of us suck at writing - especially about ourselves. This book will guide you through a step-by-step process to ensure your resume is flawless. A preview of what you will learn: Technical knowledge regarding resume looks and purposes Ways of formatting resumes Each section of a resume analyzed in slightest detail Tips on how to pass the first phase of your job application Resume writing and research tips Keeping your resume updated

#336 in [Books > Audible Audiobooks > Business & Investing > Careers](#) #999 in [Books > Business & Money > Job Hunting & Careers > Job Hunting](#)

Customer Reviews

I used to have a boring and conventional-looking resume. I tried to find a better format online, but that didn't work for me. So I got this book and I'm happy that it turned out differently. There were tips on how to make your resume more professional-looking, interesting and at par with the others. This is really helpful especially to those who are seeking employment for the first time.

Not at all what I expected. It is a few pages of info only. Nothing you could not find online. Waste of money!

Great read with a bunch of detailed information. Most people don't think of a resume as a living

document but after reading this book you'll know why it really is. Good info on what type of resume you should have and why, what to sections to include and what should be included in them.

Good comprehensive guide to plan your resume strategically. How to arrange your professional background in the right way to make it more compelling to your potential new employer. As I am in a service organization, helping others to write their resume - this guide is a good help!

This book was exactly what I needed. It allowed me to write my resume to the best of my ability. I would definitely recommend this book to anyone. Even if you think you already know how to write a resume, this book makes it so easy to understand. Thank you!

Worth not more than \$1.99. Very general , not informal at all

This brief guide gives you helpful information without extraneous "fluff." Takes the guesswork out of which format is best for highlighting your skills and experience.

I downloaded this in the hopes that it would help my resume, but alas all I found was common knowledge. There is nothing "up to date" about this book. To make matters worse here is a quote from the book, "Search the internet". The author literally tells you to search the internet to learn about resumes. Isn't the point of me buying this book so that it will teach me? Probably should have just searched the internet to begin with. Cheers
