Good Morning, Superman! (DC Super Heroes)

Synopsis

Look, up in the sky! It's a bird. It's a plane. It's the . . . SUN! When morning comes, a young boy must prepare for his day, faster than a speeding bullet. Follow along as he leaps tall buildings (jumps out of bed) in a single bound, dons his heroic uniform (his clothes), and faces his greatest weakness (Kryptonite-colored toothpaste). Then it's up, up, and away to daycare! The perfect companion to the bestselling author Michael Dahl's BEDTIME FOR BATMAN, this official DC Comics picture book will have Superman fans young and old delighting in their morning routines. Includes a morning routine checklist.

Michael Dahl is the prolific author of the bestselling Goodnight, Baseball picture book and more than 200 other books for children and young adults. He has won the AEP Distinguished Achievement Award three times for his nonfiction, a Teacher's Choice award from Learning magazine, and a Seal of Excellence from the Creative Child Awards. And he has won awards for his board books for the earliest learners, Duck Goes Potty and Bear Says "Thank You!" Dahl has written and edited numerous graphic novels for younger readers, authored the Library of Doom adventure series, the

Dragonblood books, Trollhunters, and the Hocus Pocus Hotel mystery/comedy series. Dahl has spoken at schools, libraries, and conferences across the US and the UK, including ALA, AASL, IRA, and Renaissance Learning. He currently lives in Minneapolis, Minnesota in a haunted house. Omar lives in Monterrey, Mexico. He has always been crazy for illustration, constantly on the lookout for awesome things to draw. In his free time, he watches lots of movies, reads fantasy and sci-fi books, and draws! Omar has worked for Marvel, DC, IDW, Capstone and several other publishing companies.

Awesome book

Love.

5 year old grandson reads it everyday. He loves the "superhero".

The second book in the "series" after Bedtime for Batman, this book draws parallels between a young boy and Superman as they get ready to face their days. I really appreciated that the family in this story is African American. I love reading normal stories with diverse characters. I also loved that the boy's toothpaste is his Kryptonite. This book is perfect for super hero fans because it does assume some familiarity with Superman. It would work well with kids ages 3-5. There's even a morning checklist on the last page, so your own little super hero can follow to steps when getting ready for his/her day. Blog: Mom's Radius

'Good Morning, Superman' by Michael Dahl with illustrations by Omar Lozano is a companion book to the recently released 'Bedtime for Batman.' They are picture books for young children who also like superheroes. The story, like the previous one, parallels a superhero and a young child. This time around, it's Superman and a little boy getting ready for the day. It shows Superman changing into his uniform as the little boy gets dressed. Superman fights off kryptonite as the boy has to brush his teeth with a kryptonite colored toothbrush. My favorite bit is when Supergirl and Krypto show up to help. The book ends with a morning checklist of all the things done to get ready for the day. I really liked the first book, and I liked this one even more. The illustrations are great and the colors on the pages are bright. I like that a girl superhero got included this time around. This would be a really fun read with an energetic 3 or 4 year old. I received a review copy of this ebook from Captstone Young Readers and NetGalley in exchange for an honest review. Thank you for allowing

me to review this ebook.

Delightful! This is a companion book to last year's "Goodnight, Batman" and is as wonderful. It's written in a soothing tone like "Goodnight Moon" which it is obviously emulating. The illustrations show Superman and the little boy doing the same things such as "when duty calls" Supe sees trouble he must attend to while the little boy has to go potty and when Superman faces Lex Luther, "his greatest fears", the little boy faces his toothbrush. Any little Superman fan will adore this!

I really enjoyed this book and it is perfect for small children. It incorporates the current trend in books of utilizing a traditional and graphic novel style to tell the actual story. I think that my favorite thing about the book is that it doesn't tell the child things like "you eat breakfast" or "brush your teeth" explicitly. Instead, the illustrations are a further extension of the story and not just a visualization of the words. It is a part of the story. I could easily see this being used in a classroom as a lesson on hygiene, calming nerves at the start of the year, or even with students to help them understand making inferences. The book's illustrations are extremely well done. The colors are bright and vibrant which will draw the child's attention and interest. The use of a super hero to help teach children about the importance of morning routines and life lessons isn't new, but it is a great way to capture the child's interest. The back of the book even has a handy checklist of morning activities. Edited to add: I received an advanced copy of this book from the publisher via NetGalley in exchange for an honest review.

Thank you! Thank you for featuring boys of color and marrying DC Comics with the boys is just amazing. One of my sons favorite books. The bed time and morning checklist in the back of the books are SOOO helpful. Can't thank you enough, well done.
