Paul Wilbur has been an example and inspiration to our family for thirty years. His worship and teaching is founded in Spirit and Truth. As a Christian and as a Messianic believer, I am thankful for

this book which leads us to follow and uphold the feasts and ways that please YHVH, the God of Abraham, Isaac and Jacob. I highly recommend this book.

Excellent book, love this guy! A must read, if you're up for the truth. Many Christians don't understand why we choose to celebrate the feasts. The meaning behind them, and why God has said that they are HIS Feasts, Not the Jews, Not the religious sects, Not the Christians, but they are HIS and we really should consider celebrating them, the truth, really. Blessed be the name of the Lord.

When I saw this posted on FB, I couldn't click fast enough to get it on my Kindle. It is an excellent read that shows the heart of Adonai, His calendar, and the diversity of Paul Wilbur's talent with a written word as well as his talent with lyrics. And the humor, comes through so vividly. Well done, Mr. Paul....well done!

What a GREAT book on teaching us the basics of our Creator's Calendar. I really enjoyed chapters Six and Seven. I have gone to many of Paul Wilbur's live concerts and find the Jewish way of worship to be refreshing. Reading this his latest book gives me a better understanding of his heart for the Body of Christ. Mary

I have been following Paul as a musician since the early 90's and have been totally impressed with him as a writer/teacher. In Touching The Heart of God, Paul very clearly and in simple layman's terms, explains the Holy days - their backgrounds and prophetic implications. Above all, he keeps the focus of unity and harmony without ever losing sight of the first and greatest commandment - to Love our Father above all else. Paul rekindles that longing and need to be grafted INTO the vine. I have already to many, and do now, highly recommend this book and will be sharing many copies myself!

We need the Hebrew calendar to know what time it is. Feasts and full moon's were set from the beginning, they will be followed to the last great day. If you want to understand prophecy you need to know the seasons. Lots of information and reasons for looking into the history and culture foundations of our faith. Easy to read very informative, I highly recommend this book.

I've known Paul and ministered with him for many years. I've known him as a singer of the songs of

Zion. But this book revealed the strength of his communicative skills far surpass his guitar and his voice. His heart touches the very Heart of G-d and Paul has expressed the Voice of HaShem as HE invites us to touch HIS Heart with our obedience.

A great read that I HIGHLY recommend.
