Kuhn has written more than 40 books with prominent Christian publishers. She is currently the director of children's ministries and VBS at her church.

This series of books are excellent tools to teach little ones. There is a short lesson (for their short attention span). It leaves room for expanding on the lesson and is easy to ask them questions it. It has crafts and/or a worksheet or game with each lesson.

Great for last minute lessons!

I choose this preschool lessons plain because it is good to teach the children. This lesson help us teach them that they belong to Jesus.

I am very sorry but some of the lessons I did not like they are teaching the children that Jesus is in their heart I believe the children need to ask for Jesus to come into their hearts, some of the crafts are ok.

I was not able to use any ideas in this book as it already had a theme that the crafts were based on. I was hoping for something that related to stories from the Bible or open ended crafts.

This book disappointed me because I found myself doing extra work to adapt the material to the stated age group (2-5). Several lessons do not have visuals for the story - try holding preschoolers' attention while teaching a page-long lesson without anything for them to see or interact with! Other lessons use complex thoughts or words - e.g. Nehemiah was sad because his people were "disrespected" so he wanted to help rebuild the wall. The crafts are hit or miss. There are generally enough ideas to select some that work for my group. If you don't mind investing time to improve the lessons with ideas/visuals of your own, the material is a good starting point for lessons & themes.

I am in charge of our preschool- First grade children's church and was trying to find some lessons for the teacher's to use. I ordered this book and was pleased with it's organization and approach to teaching the lessons. Each lesson starts with a story and then gives 5 or 6 activities to go along with the main idea (scripture quote) of the story. I am so thrilled with it that I am ordering the other books in this series.
