## Customer Reviews

Code is inside the book which allows you to access the website music played by the "backup" band. My 13 year old thinks it's great that he can be the front man of the whole band. The on line tracks can be slowed for early learning and then speeded up as the player gets better. What a great way to encourage any student who is learning an instrument! This is a much better prospect than CD accompaniment - nothing to lose, scratch or break.

Overall, an excellent buy for a moderate to advanced trombonist. I purchased this for a friend of mine and he loves it. Good, fun music to play that provides varying degrees of difficulty. When you can't find a band or accompaniment, the CD really makes playing more enjoyable. If you saw the movie and sat through the end credits wishing you were playing the music - here is your chance!

I bought this for my daughter, and she's very happy with it.

It's perfect

My mom loved it. Has very fun songs to play. I will probably get the violin version for myself.

What trombone player hasn't ever wanted to play the score from Pirates of the Caribbean? Now they can, thanks to this marvellous arrangement. Let's have a trombone version of the score from 'Death Wish' next, please.
