Customer Reviews

Wish I had this guide when my husband and I traveled here. We had some bad food and bad lodging. Great read and informative as well as humorous. Can't wait to read the rest of the series. Paris and Rome here i come.

Great advice- quick read- very useful- concise and to the point- wish there were more cities by him- specific recommendations to narrow your trip

Very informative, helpful and fun! Loved the Rome guide, which proved invaluable, so added Venice to my collection. Looking forward to using this on a future trip.

In the 70's there was the "Turn Right at the Fountain" guide to exploring Venice. In the 21st century there is Dean Dalton & Andie Easton's "Clued In", the proper guide for exploring Venice. Check out their other "opinionated" guide series.

Great little sucker!

This is a great little guide book. Has just the information you need. I emailed the author asking a question and received a prompt reply with additional advice.
