The Sahara Legacy: A Sean Wyatt Thriller (The Sean Wyatt Action And Adventure Series Book 13)

Synopsis

Unimaginable wealth. The authority to command nations. Eternal life. The god-like power promised by the lost desert city of Zerzura is as frightening as it is alluring. Former secret agent Sean Wyatt and his best friend, Tommy Schultz, have never hunted anything like it. But the legend and the unlimited power it promises are so improbable that other archeologists—including Tommy's parents—gave up looking for Zerzura decades ago. Most call it a myth. That all changes when a chance discovery in the Middle East reveals long-hidden clues about the possible truth behind the Zerzura legend and catapults Sean and Tommy smack in the middle of a race to find the lost city and to protect humanity from its dark, unlimited dominion. Unfortunately for Sean and Tommy, some very evil, very powerful men are also on the trail. To keep Zerzura's near-limitless power from falling into the wrong hands, they must outwit a dark nemesis from their past, blast through his legions of gun-toting assassins, and forge new and unstable alliances that threaten their mission nearly from the start. A breathless sprint across two continents, *The Sahara Legacy* is both a gripping tale of intrigue and an imagining of ancient powers that lie just beyond the limits of human control and comprehension. And Sean Wyatt is back! Once again Ernest Dempsey writes a wonderful, thrilling adventure with Tommy and Sean looking for Zezura, a mythical city (maybe) that Tommy's parents had looked for, for a very long time. Tommy takes up the quest and of course, Sean has to help. Thrills, mysteries, and adventure, nobody does it better than Ernest Dempsey. Be sure to start reading early in the day, because I can guarantee you will not be able to put it down until you turn the last page.

Enjoy!!!! received an advance copy for an honest review. I have no affiliation with the author. I loved the book so much I bought a copy, because I love the cover artwork on these books. They are fabulous!

Well Ernest has done it again, this book is mostly about Sean and Tommy with a small bit of appearance like the Kids, Joe and Helen. Reading this novel gave me the feeling of coming home to a great family and being part of it. I will not give any spoilers, just take my word that you will want to keep on reading it is full of adventure, foreign places, mysterious puzzles. You know what I am taking about if you have read any of the Sean Wyatt Series. If you haven't then you need to start and if you have you need to get a copy of this novel. For first time readers this is book 13 in the series. So pick one and jump into the pool. You cannot go wrong believe me.

This book has all the elements that have made the Wyatt series so readable, the characters are great, even the bad guys. The story is a little faster paced than the previous episodes, but the details are all correct, and the story is as believable as any great fiction can be. This book can stand on its own, but this series deserves a reader to start from the first book, you will really enjoy the journey.

Absolutely a terrific story and plot line. You feel as though you are trying to keep up with story and the different surprises keep you in suspense. Ernest Dempsey has hit this one out of the ballpark I've read mostly all of his books if you pick it up you don't want to put it down until the end and then you anxiously await the next book in the series

This book will keep you up reading till late at night, the story Earnest weaves is full of action , adventure. These books remind you of the movie Raiders of the Lost Ark series. Read one and you

will want to keep reading book after book to see what Sean and Tommy next adventure will be and how they will defeat the bad guy. Enjoy

I sure hope the author shares in that gift so he can keep telling great stories. This was yet another terrific thriller. These books are a joy to read. Carry on with wherever this great series takes you and us. As always, I'm looking forward to next tale of exciting adventure and perhaps new characters as well.

These books keep getting better and better! This, however, is by far the best one yet. No one likes spoilers, but I will say this; when you sit down to read this one, and it will be done in one sitting, make sure you've got a box of tissues handy. You'll need it. This is a true roller coaster of a ride, and Sean and Tommy are both at the top of their game, and the action is non-stop. If you've not read any of Ernest's books, pick them all up, schedule a long week end, order in the pizza and enjoy.

The Sahara Legacy grabs you and keeps you entertained to the last page. Ernest Dempsey is a very talented writer. I admire his imagination, dedication and effort. I feel fortunate that I found his first book, and have read every one since. I look forward to the next Sean Wyatt adventure. Thank you Ernest.
