#### **Customer Reviews**

If you love horse racing and its stars this is a wonderful book. Many stories from different people all talking about the great Secretariat! It reminded me of how I started to enjoy racing and embraced the sport of Kings. Secretariat was one of a kind and reading the stories of other people who actually knew him personally and cared for him were inspiring. The book brought new insight into the world of the people who raised, cared for and loved Secretariat.

He's the man of hie time in the 70's what a horse he was i like going back and seeing what he did as a race horse and a stud. no other horse like him.

Love the horse so anything about him is OK with me.

Was not what I expected.

Loved the book, but makes the movie fictional in ways.

Loved it! One of the best books about this great horse.

Though often not remarked on, the willingness of a great horse to break it's heart in service to man is Devine.

If you're a horse lover, this film is awesome and inspiring.
